I knew she was different as soon as she walked into my high-rise office. She exuded innocence and inexperience. Those are two things in a woman that normally don't attract me, but I am apparently making an exception for her. She's young and delicate - and I'm afraid she won't make it in my world. But the carnal man I've kept hidden deep inside me says I have to try. She is my Sophia Vasco. I am Her Dom. By day, Robin Lessing has a successful career as a university archivist. By night, she blogs about her less-than-successful search for Mr. Tall, Dark and Dominant. Living up to her handle "The Picky Submissive," she's on the verge of giving up and settling for vanilla with a side of fuzzy handcuffs when she discovers her best friend and colleague has a kinky side, too. Sexy, tattooed techie John Sun is an experienced Dom who never lacks for playmates, male or female. If he can't satisfy Robin's cravings, maybe no one can—after all, he knows her better than anyone. So he offers to help her master the art of submission for one month. Robin eagerly agrees to John's terms, even the pesky little rule forbidding any friendship-ruining sex. But rules are made to be broken, and once they begin their stimulating sessions, it's not long before she's ready to beg him for more—much more... 60,000 words Dominic is an ordinary boy with an appetite for magic and a rather extraordinary sidekick- his magical top hat, the Topper. The two of them live happily, but when Great Aunt Rowena comes to stay things begin to go awry. Rowena has plans of her own for the Topper, and she's not going to give in without a fight. This begins a new strand of publishing for Dominic Wood, master magician and TV star. Dominic is

an endearing character and his adventures with the Topper are bound to delight young readers. And there's even a magic trick to learn at the end of the book - to keep those young magicians happy. With this second edition of the popular DOM Scripting: Web Design with JavaScript and the Document Object Model comes a modern revision to update best practices and guidelines. The book provides everything you'll need to start using JavaScript and the Document Object Model to enhance your web pages with client-side dynamic effects and user-controlled animation. It shows how JavaScript, HTML5, and Cascading Style Sheets (CSS) work together to create usable, standards-compliant web designs. We'll also cover cross-browser compatibility with DOM scripts and how to make sure they degrade gracefully when JavaScript isn't available. DOM Scripting: Web Design with JavaScript and the Document Object Model focuses on JavaScript for adding dynamic effects and manipulating page structure on the fly using the Document Object Model. You'll start with a crash course in JavaScript and the DOM, then move on to several real-world examples that you'll build from scratch, including dynamic image galleries and dynamic menus. You'll also learn how to manipulate web page styles using the CSS DOM, and create markup on the fly. If you want to create websites that are beautiful, dynamic, accessible, and standards-compliant, this is the book for you! Vanessa Harris seems to be having a bad night. She's been abandoned by friends, has had to avoid a "dominant" freak of nature, and worst yet, she seems to find herself the object of attention to a man that can barely seem to speak English. Vanessa isn't interested in an interracial relationship, yet it seems Mr. Handsome blonde isn't getting the message. It could also be because her rebuttal has been given pretty half hearted at best. Freyr seems to be having a terrible life. He's divorced, transplanted into a whole new world, and is almost incapable of understanding the current culture. He's not really looking for a love interest, but when he finds his way to Vanessa, he knows that he would be a fool to let the chance pass him by. He's insistent that they need to be together, regardless of color, and regardless of what his crazy ex-wife thinks. Freyr knows that he's a man determined to get what he wants...even if he has to use the tricks of a dominant to get his way. Vanessa may not believe that she's submissive, but Freyr knows that he has her interest. And everything else, is simply details to be worked out much later. Raine Kendall has been in love with her boss, Macen Hammerman, for years. Determined to make the man notice that she's a grown woman with desires and needs, she pours out her heart and offers her body to him-only to be crushingly rejected. But when his friend, very single, very sexy Liam

O'Neill watches the other Dom refuse to act on his obvious feelings for Raine, he resolves to step in and do whatever it takes to help Hammer find happiness again, even rousing his friend's possessive instincts by making the girl a proposition too tempting to refuse. But he never imagines that he'll end up falling for her himself. Hammer has buried his lust for Raine for years. After rescuing the budding runaway from an alley behind his exclusive BDSM Dungeon, he has come to covet the pretty submissive. But tragedy has taught him that he can never be what she needs. So he watches over her while struggling to keep his distance. Liam's crafty plan blindsides Hammer, especially when he sees how determined his friend is to possess Raine for his own. Hammer isn't ready to give the lovely submissive over to any other Dom, but can he heal from his past and fight for her? Or will he lose Raine if she truly gives herself-heart, body, and soul-to Liam? Heidi considers herself a strong, independent, professional--definitely not the type to fall for a macho, dominant, alpha male like her neighbor in 6F. Yet when she overhears his kinky, sensual escapades one evening, she finds herself as intrigued as she is horrified. Surely that's not spanking she's hearing? And are those whimpers from the woman in his bed caused by pleasure or pain? She tells herself she is not attracted to... whatever they are doing. But when she has an unfortunate run-in with Mr. 6F himself, the connection is electric. To her great consternation, she finds herself imagining what it would be like to be under his authority, or bound to his bed. Dominic thinks he's tasted all the pleasures the lifestyle has to offer without the messy complications of an emotional connection or commitment... until he meets Heidi. The night she finally gets up the nerve to ask him to put her over his knee, he's more than happy to oblige. This sassy, adorable woman draws out of him a desire to protect and lead, awakened with growing fervor as he introduces her to the erotic, intoxicating world of Dominance and submission. But when Heidi and Dom are thrown together in an unlikely series of events that tie them together professionally, they must separate business from pleasure. Or will they? Dom Gabriel Sortais: An Amazing Abbot in Turbulent Times is an engaging biography of one of the most colorful Abbot Generals among the Trappists. Dom Gabriel put his stamp on the order in a very personal way, a form that remains with us today despite his best efforts to bring the Order up-to-date. His tragic death during the course of Vatican Two impeded the implementation of his vision for the whole Order. Dom Guy Oury, a Benedictine monk of Solesmes, has written the story with remarkable clarity. As much as possible, Fr. Oury works from the primary sources, which include witnesses and documents from the Abbey of Bellefontaine in France, where he was a monk and later abbot before being elected Abbot General of the order, as well as the archives of the Generalate in Rome. This book offers insight into the lives of the Trappists during the troubled times of World War II and also throughout the changes of Vatican Two. Fr. Guy Oury, OSB, was asked by Dom Emmanuel Coutant, the Abbot of Bellefontaine, to write the biography of his predecessor, Dom Gabriel Sortais. He was given all the papers in the archives at Bellefontaine that were gathered together following Dom Gabriel's death. There is an admirable objectivity in the present biography, which was ably translated into English by Br. Brian Kerns of the Abbey of the Genesee, near Piffard, New York. The Afterword by Fr. Laurence Bourget of St. Joseph's Abbey, Spencer, Massachusetts, demonstrates an appreciation by a monk who worked closely with Dom Gabriel Sortais during the last years of his life. Fr. Guy Oury himself died on November 2, 2000, at the age of 71. Echo Kelly has a secret only her diary knows about. But when her younger sister discovers her in an uncompromising position, she uses the information as blackmail, making her world a living hell. Her burden grows when she falls in love with her best friend who is all about money, which Echo doesn't have. After being rejected from her mother and first love, Echo goes away to find herself, resurfacing years later as a powerful drug boss with an insatiable sexual drive. Before long her BFF returns, married to a dangerous man with ulterior motives. Soon old feelings from the past bubble to the surface and Echo finds herself caught between two loves. One who is passive aggressive and the other who would do anything to maintain Echo's heart, including kill. Lipstick Dom is for ladies who love ladies and T. Styles' fans who appreciate a drama filled love story. "Dom's guide to BDSM" was specifically written for Doms/Masters. In Volume 2 of this series, we're going to focus on how

to better communicate with a sub, and how to go back and forth with role playing. We're going to teach you how to express yourself, how to read your sub and look for cues, and how to go about getting a real life BDSM relationship started. We're also going to discuss how to train your sub accordingly and with a purpose. This is important and is an often-neglected part of the BDSM community. The highly sensationalized, "purely sexual" relationships you read about or see depicted in TV or movies is not the only type of relationship forged. Some relationships really are all about personal missions, self-improvement and getting in touch with suppressed inner feelings. We will cover this as well as the most important part of BDSM dominance--having a plan. You will learn how to be an excellent Dom and it all starts with a few simple steps"--Back cover. MfM ménage romance from USA Today bestselling author Julia Sykes Two darkly domineering alpha males. They say I don't have to choose. They both want me. Together. The three of us. I was meant to be theirs: Joseph, my sweet first love, and Marco, his sternly intimidating best friend. I know they're dangerous men, but being with them doesn't feel wrong. When they hold me in their arms, I feel safe, cherished. I'm still their captive, but I'm no longer certain if I want to be free of them. They swear they only kidnapped me for my own protection, and after a terrifying attack by one of their enemies, I'm starting to believe them. If I give myself to them, can my alluring criminal captors protect me? Or is their world too dangerous for even their strong arms to shield me from harm? Keywords: MfM ménage, Daddy romance, mafia romance, kidnapping, romantic suspense, new adult There are two foundational pillars of a BDSM relationship between a Dom and a sub: consent and trust. Everything else in the relationship - the fun, the love, the discipline, the eroticism, the tears and the journey - are all built on those standards. Both consent and trust require honest communication in order to thrive. The vast majority of that communication begins long before the training begins. In "Dom's Guide to Submissive Training Vol. 2," I listed 25 things you must know about your new sub if you want to create a satisfying relationship with a devoted submissive. It's not enough to just ask "What do you like?" or "Would you like to be my sub?" You need to know things about your sub that are deeper, more practical and helpful. Without the knowledge of these 25 things, you may be able to create momentarily excitement but it will surly turn into a frustrating short-term relationship headed for drama, disaster and end. Following this guide allows your sub to communicate freely and provides a mechanism for her to reveal her true self - even if she doesn't have the words to do so. There are a million things subs want their Doms to know. These questions will help your sub tell you. Those who knew him, above all monks, will find Dom Anselme Le Bail again in these pages with warm gratitude. Those who have not known him will encounter his vital and original character. Both of these will be surprised and come to admire a man and a monk who has integrated a healthy humanism into a concrete ideal of his religious vocation. Fr. Dieudonne Dufasne, a Benedictine monk of Saint Andre de Clerlande, has read, listened to, and allowed the young man, Anselme Le Bail, the monk, and finally the Cistercian Abbot of Scourmont, to speak for

himself in these pages. He has the ability to allow us, in turn, to hear and understand the joys and difficulties of alive totally dedicated to God and to his brothers. From USA Today bestselling author Willow Winters comes a HOT mafia, standalone romance. I'm not always proud of the man I am, but when you grow up in a crime family, there aren't a lot of options. I do what I have to do, and more than often, I crave it. The power, the women, the money. All of it comes easy to me. Until Becca walked into my office. Everything about her was tempting. Her beautiful eyes that pierced into me, her body that was made for sin. She came to pay off a debt, but I wanted more. So I did what I've always done, I took what I wanted. She's a good girl who never should have walked through that door. I never should have touched her, but now that I have, I can't stop. I'll push her boundaries, she'll cave to temptation. We'll both forget about the danger. And that's a mistake I can't afford... Beginning JavaScript with DOM Scripting and Ajax is an essential resource for modern JavaScript programming. Chin chin x Marine dissolved organic matter (DOM) is a complex mixture of molecules found throughout the world's oceans. It plays a key role in the export, distribution, and sequestration of carbon in the oceanic water column, posited to be a source of atmospheric climate

regulation. "With DOM enlightenment, you'll learn to manipulate HTML more efficiently by scripting the Document Object Model (DOM) without a DOM library. Using code examples in cookbook style, author Cody Lindley (jQuery Cookbook) walks you through modern DOM concepts to demonstrate how various node objects work. Over the past decade, developers have buried the DOM under frameworks that simplify its use. This book brings these tools back into focus, using concepts and code native to modern browsers.

You'll understand the role jQuery plays in DOM scripting, and learn how to use the DOM directly in applications for mobile devices and specific browsers that require low overhead."--Page 4 de la couverture.
