Mobil Travel Guide Texas 2005 Mar 21 2022 The Mobil Travel Guide star ratings are a 45-year-old consumer advocacy concept originally developed following the introduction of the interstate highway system. The goal of the Guide is not to identify and rate every property in the country, but to recommend only the best in each category, ones that we would send our customers to. We look at the stars from a consumer's point of view, rating lodgings and restaurants across North America from the perspective of the "average traveler." The Guides feature new enhanced descriptions for 2004. Listings include lodgings, restaurants, attractions, and events in established travel destinations, as well as cities and towns on the way to established travel destinations. Our new easy-to-use format makes the Guides even more indispensable to travelers. Each regional guide is organized alphabetically by state, with introductory information about the state followed by city listings in alphabetical order. For each city, the guide lists sites and attractions, lodgings, and then restaurants. One of the features that sets the Mobil Travel Guide apart from its competitors is its proprietary Mobil star rating system. Forty-five plus years of publishing experience and the oldest non-biased rating system in North America make the Mobil Travel Guide series a must-have for travelers wanting up-to-date ratings of hotels and restaurants.

Handbook of Behavioral Interventions in Schools Sep 03 2020 Tasked chiefly with providing effective instruction, classroom teachers must also manage student behavior. Prevalence of student problem behavior is a strong indicator of failing schools, and has been linked to reduced academic achievement, truancy, bullying, and loss of teacher time. As such demand is on the rise for intervention programs that may effectively reduce levels of problem behavior in schools. *Handbook of Behavioral Interventions in Schools* is a comprehensive collection of evidence-based strategies for addressing student behavior in the classroom and other school settings. Experts in the fields of special education and school psychology provide practical guidance on over twenty behavior interventions that can be used to promote appropriate student behavior. Framed within a multi-tiered system of support, a framework representing one of the predominant service delivery models in schools, interventions are categorized as Tier I, Tier II, or Tier III, and chapters provide

insight into how students might be placed in and moved through respective levels of service intensity. Each chapter details a specific intervention strategy, and includes reproducible materials to facilitate use of the intervention, case studies, and further reading for school-based practitioners. Introductory chapters on behavior analysis, multi-tiered systems of support, and law and ethics place the practical guides in a context that is relevant for school-based practice. Walking readers through the entire process of assessment of problem behaviors to intervention and progress monitoring, Handbook of Behavioral Interventions in Schools is an invaluable resource for special education teachers, school psychologists, and trainees in these fields.

*Transfiction Jan 27 2020 This volume on Transfiction (understood
as an aestheticized imagination of translatorial action) recognizes
the power of fiction as a vital and pulsating academic resource, and
in doing so helps expand the breadth and depth of TS. The book
covers a selection of peer-reviewed papers from the 1st International
Conference on Fictional Translators and Interpreters in Literature
and Film (held at the University of Vienna, Austria in 2011) and
links literary and cinematic works of translation fiction to state-of-
the-art translation theory and practice. It presents not just a mixed
bag of cutting-edge views and perspectives, but great care has been
taken to turn it into a well-rounded transficcionario with a fluid
dialogue among its 22 chapters. Its investigation of translatorial
action in the mirror of fiction (i.e. beyond the cognitive barrier of
'fact') and its multiple transdisciplinary trajectories make for
thought-provoking readings in TS, comparative literature, as well as
foreign language and literature courses.*

Two full-colour sections describe the myriad outdoor activities available - from mountain hikes and skiing, to bear and wolf tracking - and the country's extraordinary religious architecture. The guide reviews all the top hotel and restaurant options to suit every taste and budget and the 'Author's Pick' feature highlights the very best, while there are concise maps and plans throughout. The contexts section includes informed background on Romania's history, wildlife, literature, music and, of course, Dracula.

The Adult Learner Oct 28 2022 How do you tailor education to the learning needs of adults? Do they learn differently from children? How does their life experience inform their learning processes? These were the questions at the heart of Malcolm Knowles' pioneering theory of andragogy which transformed education theory in the 1970s. The resulting principles of a self-directed, experiential, problem-centred approach to learning have been hugely influential and are still the basis of the learning practices we use today. Understanding these principles is the cornerstone of increasing motivation and enabling adult learners to achieve. The 9th edition of The Adult Learner has been revised to include: Updates to the book to reflect the very latest advancements in the field. The addition of two new chapters on diversity and inclusion in adult learning, and andragogy and the online adult learner. An updated supporting website. This website for the 9th edition of The Adult Learner will provide basic instructor aids. For each chapter, there will be a PowerPoint presentation, learning exercises, and added study questions. Revisions throughout to make it more

readable and relevant to your practices. If you are a researcher, practitioner, or student in education, an adult learning practitioner, training manager, or involved in human resource development, this is the definitive book in adult learning you should not be without.
