This book is an urgent and compelling account of the Occupy movements: from the M15 movement in Spain, to the wave of Occupations flooding across cities in American, Europe and Australia, to the harsh reality of evictions as corporations and governments attempted to reassert exclusive control over public space. Across a vast range of international examples over twenty authors analyse, explain and helps us understand the movement. These movements were a novel and noisy intervention into the recent capitalist crisis in developed economies, developing an exceptionally broad identity through a call to arms addressed to ‘the 99%’, and emphasizing the importance of public space in the creation and maintenance of opposition. The novelties of these movements, along with their radical positioning and the urgency of their claims all demand analysis. This book investigates the crucial questions of how and why this form of action spread so rapidly and so widely, how the inclusive discourse of ‘the 99%’ matched up to the reality of the practice. It is vital to understand not just the choice of tactics and the vitality of protest camps in public spaces, but also how the

myriad of challenges and problems were negotiated. This book was published as a special issue of Social Movement Studies. Aninu è la storia di una prostituta sacra dell'isola vulcanica di Santorini prima della grande eruzione del XVII secolo a.C. che ha cancellato la civiltà minoica "nello spazio di un giorno e di una notte tremenda", come ci riferisce Platone nel Timeo riferendola alla mitica Atlantide. Le vicende narrate in questo romanzo, la cui protagonista, fondando una comunità ideale di vita chiamata Thera e facendosi tutt'una con la tragica fine della sua amata isola, si presentano come eventi fondativi della cultura occidentale. In Aninu, la descrizione dei luoghi, la rappresentazione dei costumi, la rievocazione delle credenze e dei miti delle popolazioni toccate dalle vicende narrate sono frutto di una meticolosa ricerca archeologica su ciò che sappiamo di questo misterioso popolo che vanta, come antenati, gli abitanti della più antica città del mondo, Çatal, nell'odierna Turchia, oggi dichiarata patrimonio dell'umanità, e come discendenti le mirabili popolazioni della Grecia classica. La storia di Aninu e della sua isola, unitamente alle vicissitudini degli altri protagonisti, offrono al lettore l'occasione per rivisitare, e in qualche modo per rivivere, gli aspetti meno conosciuti o ancora abitati dal mistero delle multiformi civiltà che si sono affacciate sul Mediterraneo, inesauribile mare delle meraviglie. The Historia of Richer of Saint-Rémi (ca. 950–ca. 1000), an invaluable source for understanding tenth-century West Francia (present-day France), provides a rare contemporary account of the waning Carolingian dynasty, accession of Hugh Capet, and failed rebellion of Charles of

Lorraine. Beginning in 888, the *Historia* surveys a tumultuous century in which two competing dynasties struggled for supremacy, while great magnates seized upon the opportunity to carve out their own principalities. Richer's descriptive talents are on display as he tells of synods and coronations, deception and espionage, battles and sieges, disease and death, and even the difficulties of travel. The *Historia* also sheds light on a controversial figure of the Middle Ages, the legendary cleric and scholar Gerbert of Aurillac. Gerbert, the dedicatee of the *Historia*, rose from humble beginnings to become archbishop of Rheims, archbishop of Ravenna, and eventually pope (as Sylvester II). The *Historia* contains a fascinating description of his teaching at the cathedral school of Rheims, where his innovations involved instruments such as the monochord, armillary sphere, and abacus. Translated into English here for the first time, the *Historia* holds particular attractions for historians and for anyone interested in the cultural and intellectual developments in the Latin West around the year 1000. The fourth century soldier Ammianus Marcellinus' book of Roman history provides a remarkably accurate and impartial record, giving readers a succinct understanding of the fall of the Roman Empire. In particolare viene trattato l'assedio della fortezza di Civitella del Tronto (1861), che ha costituito storicamente l'ultimo baluardo del depono regno borbonico. L'assedio all'inespugnabile forte durò ben cinque mesi. Fanno parte di questa pubblicazione: le

'Ricordanze patriottiche in Abruzzo' di Dario Peruzzi; 'L'Assedio di Civitella' di Tito Livio De Sanctis; 'La muta' (racconto) di Roberto Petrelli. "[Coke's] Commentary upon the Magna Charta, and particularly on the celebrated 29th Chapter [on habeas corpus], is deeply interesting to the lawyers of the present age, as well from the value and dignity of the text, as the spirit of justice and of civil liberty which pervades and animates the work." Marvin, Legal Bibliography (1847) 208. Prompted by the 'affective turn' within the entire spectrum of the social sciences, this book brings together the twin disciplines of political psychology and the political sociology of emotions to explore the complex relationship between politics and emotion at both the mass and individual level with special focus on cases of political tension.
