Indulekha Oct 24 2019 Perhaps the only novel to have been reprinted nearly every year for over a hundred years, Indulekha (1889) is widely held to be the first Malayalam novel. Often called an 'accidental' and 'flawed' work, at its core lies a love story. The setting of the novel is the Nair community of Kerala, which had for centuries practised polyandrous matriliney, a most unusual form of inheritance through the woman whom both property and authority flavoured. It gives us glimpses of prevalent social practices much debated amongst a people already under colonial pressure to change their ways of life. Written by a Nair, Indulekha is not a grandiose outpouring but the author's effort to achieve certain social goals: firstly, to create a novel much like those of the English authors he had read, and secondly, to illustrate Nair society at that time, both of which met with success. The novel influenced the deliberations of the Malabar Marriage Commission which it predated, and of which Chandum enon was a member. This novel will appeal to general readers interested in Indian

writings in translation. Students of literature, history and culture, political and legal theory, and gender studies, will also find it useful.

**India Since 1947 Oct 16 2021 This definitive guide to
independent India takes us through the events and
personalities that have shaped India in the seventy
years since 1947. Starting with Independence Day, it
covers the decades in which the subcontinent saw
the rise of democracy, its metamorphosis from an
economy driven by selfsufficiency to one propelled
by the economic reforms of the 1990s, and the
concurrent liberalization, privatization and
globalization that boosted India's growth rate. It also
marks the transition from the era of single-party
dominance to that of coalition politics and to identity-**

based politics. Arranged chronologically, India since 1947 covers a wide range of topics, from the Green Revolution, the Five-Year Plans, the infamous Emergency and the emergence of the Bharatiya Janata Party as a major political force to the beginning of television in India and the launch of its space and nuclear programmes. A separate listing of the events leading up to Independence, interesting factoids on various aspects of modern India and a detailed index further enhance the appeal of the book.

A Preface to Man Aug 22 2019 Ann Marie reads fragments of her dead husband's unfinished book, and the many love letters he sent her, and in them the social and political events of the time. As she ponders over the writing and the years that the brilliant Jithendran squandered working for a toy company that makes drum-playing monkeys, the narrative gives way to the sweeping saga of a village by the river Periyar. Grappling with issues of equality, love, caste, religion and politics,

Thachanakkara is a microcosm of twentieth-century Kerala. Told through the history of three generations of a feudal Nair family, this sprawling story is reminiscent of the craft of Gabriel Garcia Marquez's One Hundred Years of Solitude and has the scale of Sunil Gangopadhyay's Those Days. Manushyanu Oru Amukham is an artistic meditation on human existence and is a contemporary classic.

My Story May 23 2022 First published in Malayalam in 1973, My Story, Kamala Das' sensational autobiography, shocked readers with its total disregard for mindless conventions and its fearless articulation of a subject still considered taboo.

Depicting the author's intensely personal experiences in her passage to womanhood and shedding light on the hypocrisies that informed traditional society, this memoir was far ahead of its time and is now acknowledged as a bona fide masterpiece.

You Are Born to Blossom Jun 12 2021 This book is an account of how Dr. Kalam visualizes Information and Communication Technology mining the rural talent. Here, Dr. Kalam presents his dream of schools in India at 2020 as symbiotic nerve centres connecting teachers, students and community; personifying knowledge that exists in the world. He also makes a clarion call to accelerate the process of societal transformation. This would involve raising the standards of governance and safeguarding the sanctity of public institutions. The book uses the metaphor of a tree to describe the process of knowledge bearing fruits of prosperity in the contemporary globalized world where different phases, formative, adult working life, and post-50 experienced senior citizens, call for different kinds of learning. The book refers to a contextual contribution of a large number of Indian scientists and artists and proves that there is no age bar to blossom. He advocates creation of conditions that favour growth of diverse individual talents akin to a garden and calls for a scientific mind-set guided by

conscience, consensus and by actions that take our social and moral values into account in building our own systems.

***The Middle Class in Colonial Malabar* Jun 24 2022**

Members of the middle class in colonial Malabar left behind a copious amount of writings. These are to be found, among other places, in magazines, autobiographies and diaries. This book explores the social history of the middle class in the region during the British period on the basis of these writings in combination with archival sources. It delves into how they conceptualized domesticity, forged new friendships cutting across caste, and sometimes, even racial lines, and the new forms of leisure they envisaged. The author also analyses the dilemmas the group faced as it responded to the changes unleashed by colonial modernity at their work places, in the public sphere, and inside homes, where they desperately clung on to tradition even while accepting much of what the West had to offer. Please note: Taylor & Francis does not sell or distribute the Hardback in India, Pakistan, Nepal, Bhutan, Bangladesh and Sri Lanka.
