[Drugs and Society](#) May 21 2022 Updated to keep pace with the latest data and statistics, [Drugs and Society](#), Thirteenth Edition, contains the most current information available concerning drug use and abuse. Written in an objective and user-friendly manner, this best-selling text continues to captivate students by taking a multidisciplinary approach to the impact of drug use and abuse on the lives of average individuals.

[Science Education and Student Diversity](#) Apr 27 2020 The achievement gaps in science and the under-representation of minorities in science-related fields have long been a concern of the nation. This book examines the roots of this problem by providing a comprehensive, 'state of the field' analysis and synthesis of current research on science education for minority students. Research from a range of theoretical and methodological perspectives is brought to bear on the question of how and why our nation's schools have failed to provide equitable learning opportunities with all students in science education. From this wealth of investigative data, the authors propose a research agenda for the field of science education - identifying strengths and weaknesses in the literature to date as well as the most urgent priorities for those committed to the goals of equity and excellence in science education.

[Biopolitics and Gender](#) Feb 18 2022 Here is an important book for social scientists interested in the influence of gender on certain types of behavior. Several perspectives are presented on the general topic of biopolitics and gender, including the points of view of brain science, endocrinology, ethology, psychophysiology, and such conventional interests as political attitudes, socialization, participation, social structure, and political hierarchy. The varied and provocative ideas explored in this volume will broaden discussions of gender beyond an exclusive focus on sex links to oppression and discrimination.

[Disability and Intersecting Statuses](#) Jan 17 2022 Disability can be either an ascribed status or an achieved status and its combination with other statuses will affect the person's social experiences. This issue challenges critical thinking about the interrelationships with disability. It questions if the concepts and methods of intersectionality can be applied to disability at all.

[Sociology: The Essentials](#) Oct 14 2021 [SOCIOLOGY: THE ESSENTIALS](#), Eighth Edition, uses the theme of debunking myths to look behind the facades of everyday life, encourage you to question common assumptions, and help you better understand how society is constructed and sustained. This thorough yet streamlined text provides exceptional coverage of diversity, including social factors such as age, religion, sexual orientation, and region of residence, in addition to race, ethnicity, class, and gender. Updated with coverage of the latest findings, trends, and themes, this new edition's reader-friendly presentation teaches you the concepts, methods, and research that will sharpen your "sociological imagination" and help you view the world from a different perspective.

Handbook for Achieving Gender Equity Through Education Nov 15 2021 First published in 1985, the Handbook for Achieving Gender Equity Through Education quickly established itself as the essential reference work concerning gender equity in education. This new, expanded edition provides a 20-year retrospective of the field, one that has the great advantage of documenting U.S. national data on the gains and losses in the efforts to advance gender equality through policies such as Title IX, the landmark federal law prohibiting sex discrimination in education, equity programs and research. Key features include: Expertise – Like its predecessor, over 200 expert authors and reviewers provide accurate, consensus, research-based information on the nature of gender equity challenges and what is needed to meet them at all levels of education. Content Area Focus – The analysis of gender equity within specific curriculum areas has been expanded from 6 to 10 chapters including mathematics, science, and engineering. Global/Diversity Focus – Global gender equity is addressed in a separate chapter as well as in numerous other chapters. The expanded section on gender equity strategies for diverse populations contains seven chapters on African Americans, Latina/os, Asian and Pacific Island Americans, American Indians, gifted students, students with disabilities, and lesbian, gay, bisexual, and transgender students. Action Oriented – All chapters contain practical recommendations for making education activities and outcomes more gender equitable. A final chapter consolidates individual chapter recommendations for educators, policymakers, and researchers to achieve gender equity in and through education. New Material – Expanded from 25 to 31 chapters, this new edition includes: *more emphasis on male gender equity and on sexuality issues; *special within population gender equity challenges (race, ability and disability, etc); *coeducation and single sex education; *increased use of rigorous research strategies such as meta-analysis showing more sex similarities and fewer sex differences and of evaluations of implementation programs; *technology and gender equity is now treated in three chapters; *women's and gender studies; *communication skills relating to English, bilingual, and foreign language learning; and *history and implementation of Title IX and other federal and state policies. Since there is so much misleading information about gender equity and education, this Handbook will be essential for anyone who wants accurate, research-based information on controversial gender equity issues—journalists, policy makers, teachers, Title IX coordinators, equity trainers, women's and gender study faculty, students, and parents.

Gender Dynamics, Feminist Activism and Social Transformation in China Dec 16 2021 This book explores the extent to which women have been initiators, mobilizers, and driving forces of social transformation in China. The book considers how conceptions of women's roles have changed as China has moved from state socialism to engagement with capitalist globalization, examines the growth of women's gender and sexual consciousness and social movements for women's rights, including for marginalized social and sex/gender groups, and discusses women's roles in society-state interactions, including many forms of social activism, cultural events, educational innovations, and more. Overall, the book demonstrates that women have not simply been passive receivers of the consequences of the forces of global capitalism, but that they have had a profound, active impact on social transformation in China.

Gender, Schooling and Global Social Justice May 29 2020 Timely and original, this book examines gender equality in schooling as an aspiration of global social justice. With nearly one billion people having little or no schooling and women and girls comprising nearly two-thirds of this total, this book analyses the historical, sociological, political and philosophical issues involved as well as exploring actions taken by governments, Inter-Government Organisations, NGOs and women's groups since 1990 to combat this injustice. Written by a recognised expert in this field, the book is organised clearly into three parts: the first provides a background to the history of the provision of schooling for girls worldwide since 1945 and locates the challenges of gender inequality in education the second examines different views as to why questions of gender and schooling should be addressed globally, contrasting arguments based on human capital theory, rights and capabilities the third analyses how governments, Inter-Government Organisations and NGOs have put policy into practice. Addressing the urgent global challenges in gender and schooling, this book calls for a new connected approach in policy and practice. It is essential reading for all those interested in education, along with developmental studies, sociology, politics and women's studies.

Gender, Power and the Unitarians in England, 1760-1860 Aug 12 2021 This new study explores the role the Unitarians played in female emancipation. Many leading figures of the late eighteenth and early nineteenth centuries were Unitarian, or were heavily influenced by Unitarian ideas, including: Mary Wollstonecraft, Elizabeth Gaskell, George Eliot, and Florence Nightingale. Ruth Watts examines how far they were successful in challenging the ideas and social conventions affecting women. In the process she reveals the complex

relationship between religion, gender, class and education and her study will be essential reading for those studying the origins of the feminist movement, nineteenth-century gender history, religious history or the history of education.

[Social Institutions and Gender Index SIGI 2019 Global Report Transforming Challenges into Opportunities](#) Sep 20 2019 Over the past decade, the Social Institutions and Gender Index (SIGI) has consistently shown that governments need to look at discriminatory laws, social norms and practices to achieve gender equality and promote women's empowerment. This 2019 global report provides an overview of the main outcomes of the SIGI in relation to women and the family, their physical integrity, access to productive and financial resources and their civic rights.

[Race, Ethnicity, Gender, and Class](#) Dec 28 2022 Known for its clear and engaging writing, the bestselling *Race, Ethnicity, Gender, and Class* by Joseph F. Healey, Andi Stepnick, and Eileen O'Brien has been thoroughly updated to make it fresher, more relevant, and more accessible to undergraduates. The Eighth Edition retains the same use of sociological theory to tell the story of race and other socially constructed inequalities in the U.S. and for examining the variety of experiences within each minority group, particularly differences between those of men and women. This edition also puts greater emphasis on intersectionality, gender, and sexual orientation that will offer students a deeper understanding of diversity. New to this Edition New co-author Andi Stepnick adds fresh perspectives to the book from her teaching and research on race, gender, social movements, and popular culture. New coverage of intersectionality, gender, and sexual orientation offer students a deeper understanding of diversity in the U.S. The text has been thoroughly updated from hundreds of new sources to reflect the latest research, current events, and changes in U.S. society. 80 new and updated graphs, tables, maps, and graphics draw on a wide range of sources, including the U.S. Census, Gallup, and Pew. 35 new internet activities provide opportunities for students to apply concepts by exploring oral history archives, art exhibits, video clips, and other online sites.

[Handbook of Diversity in Feminist Psychology](#) Mar 07 2021 "With the publication of the *Handbook of Diversity in Feminist Psychology*, the field of feminist psychology has achieved a new depth; the volume is a sophisticated and cutting-edge compendium that not only describes the state of the field, but also pushes its boundaries in important ways."----*Sex Roles: A Journal of Research* "Critical for all those who are in the field of psychology to own, refer to, and use. No longer are diversity and gender issues considered to be on the periphery as they once were....one would be remiss in not considering these factors in psychology." --Florence L. Denmark, PhD (From the Foreword) Author, *Psychology of Women* "FINALLY--A collection of work that is built on decades, if not centuries, of hard work from many feminists of color and our allies! This is one of the few books that delves deeply into the complex world of considering the human condition in cultural context, something psychology is only [relatively] recently trying to do. This book is a must have for anyone interested in feminism OR diversity issues. It is a great example of feminist multiculturalism and both fields (i.e., feminism and multicultural psychology) should consider it an example of how to merge theoretical orientations in a way that is fitting for real people. I LOVE this book!" --Geneva Reynaga-Abiko, Psy.D. This handbook presents a multicultural approach to diversity in feminist psychology. Provocative and timely, the text comprehensively discusses the cutting-edge of feminist discourse, covering major topics such as multicultural feminist theory, gender discrimination, aging, health and therapy, violence and harassment, politics and policy, and much more. The unique quality of this book is that each contributor brings her own cultural perspective, values, and concerns to her chapter. Special emphasis is also

given to the intersectionality of minority identities such as race, ethnicity, social class, sexual preference, and other socially constructed status differences among women. Key Topics Discussed: Intimate partner violence: perspectives from ethnic groups in the United States Gender-transgressive sexual minorities HIV/AIDS among women of color and sexual minority women Psychological perspectives on older women, including transitions, cognitive functioning, and mental health Ethnicity, disordered eating, and body image Methodological and statistical issues in research with diverse samples Low-income women, women with disabilities, workers, and immigrants/refugees

Proceedings of the 8th International Conference on Computational Science and Technology Jun 29 2020 This book gathers the proceedings of the Seventh International Conference on Computational Science and Technology (ICCST 2021), held in Labuan, Malaysia, on 28–29 August 2021. The respective contributions offer practitioners and researchers a range of new computational techniques and solutions, identify emerging issues, and outline future research directions, while also showing them how to apply the latest large-scale, high-performance computational methods.

The Essentials of Statistics: A Tool for Social Research Nov 22 2019 Framed in a student-friendly writing style, this text presents the essentials of statistics with an applied approach. Author Joseph Healey encourages skill development for statistical literacy, emphasizing computational competence and the ability to read social science literature with greater comprehension. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Patriarchy and Gender in Africa Feb 24 2020 Patriarchy and Gender in Africa explores historical and contemporary issues of male dominance and control over women in legal, socio-cultural, and political contexts in Africa. Contributors examine patriarchy and inequality across the continent, female resistance, and women's contributions to Africa's growth and development.

8th European Medical and Biological Engineering Conference Nov 03 2020 This book aims at informing on new trends, challenges and solutions, in the multidisciplinary field of biomedical engineering. It covers traditional biomedical engineering topics, as well as innovative applications such as artificial intelligence in health care, tissue engineering, neurotechnology and wearable devices. Further topics include mobile health and electroporation-based technologies, as well as new treatments in medicine. Gathering the proceedings of the 8th European Medical and Biological Engineering Conference (EMBEC 2020), held on November 29 - December 3, 2020, in Portorož, Slovenia, this book bridges fundamental and clinically-oriented research, emphasizing the role of education, translational research and commercialization of new ideas in biomedical engineering. It aims at inspiring and fostering communication and collaboration between engineers, physicists, biologists, physicians and other professionals dealing with cutting-edge themes in and advanced technologies serving the broad field of biomedical engineering.

Entry and Persistence of Women and Minorities in College Science and Engineering Education Feb 06 2021 INFLUENCE OF TYPE OF SCHOOL, HOME ENVIRONMENT, GRADE AND GENDER ON EMOTIONAL MATURITY OF ADOLESCENTS. Jul 31 2020

Race, Class, and Gender in the United States Nov 27 2022

The Wider Worlds of Jim Henson May 09 2021 Jim Henson was the creative force behind a huge catalog of television series, films, specials, and other productions, even excepting the Muppets. This collection of essays delves into the rest of Henson's body of work, including projects developed during his lifetime and those that represent his legacy. Covered here are Fraggle Rock, The Dark Crystal, Labyrinth, The Jim Henson Hour, Dinosaurs, Farscape, and more. Henson's influence on both audiences and later productions remains palpable on screens large and small, as this collection attests.

Language, Cognition and Gender Sep 01 2020 Gender inequality remains an issue of high relevance, and controversy, in society. Previous research shows that language contributes to gender inequality in various ways: Gender-related information is transmitted through formal and semantic features of language, such as the grammatical category of gender, through gender-related connotations of role names (e.g., manager, secretary), and through customs of denoting social groups with derogatory vs. neutral names. Both as a formal system and as a means of communication, language passively reflects culture-specific social conditions. In active use it can also be used to express and, potentially, perpetuate those conditions. The questions addressed in the contributions to this Frontiers Special Topic include: • how languages shape the cognitive representations of gender • how features of languages correspond with gender equality in different societies • how language contributes to social behaviour towards the sexes • how gender equality can be promoted through strategies for gender-fair language use These questions are explored both developmentally (across the life span from childhood to old age) and in adults. The contributions present work conducted across a wide range of languages, including

some studies that make cross-linguistic comparisons. Among the contributors are both cognitive and social psychologists and linguists, all with an excellent research standing. The studies employ a wide range of empirical methods: from surveys to electro-physiology. The papers in the Special Topic present a wide range of complimentary studies, which will make a substantial contribution to understanding in this important area.

Sexuality and Gender Now Oct 02 2020 *Sexuality and Gender Now* uses a psychoanalytic approach to arrive at a more informed view of the experience and relationships of those whose sexuality and gender may not align with the heterosexual "norm". This book confronts the heteronormative bias dominant in psychoanalysis, using a combination of theoretical and clinical material, offering an important training tool as well as being relevant for practicing clinicians. The contributors address the shift clinicians must make not only to support their patients in a more informed and non-prejudicial way, but also to recognise their own need for support in developing their clinical thinking. They challenge assumptions, deconstruct theoretical ideas, extend psychoanalytic concepts, and, importantly, show how clinicians can attend to their pre-conscious assumptions. They also explore the issue of erotic transference and countertransference, which, if unaddressed, can limit the possibilities for supporting patients more fully to explore their sexuality and gender. Theories of psychosexuality have tended to become split off from the main field of psychoanalytic thought and practice or read from an assumed moral high ground of heteronormativity. The book specifically addresses this bias and introduces new ways of using psychoanalytic ideas. The contributors advocate a wider and more flexible attitude to sexuality in general, which can illuminate an understanding of all sexualities, including heterosexuality. *Sexuality and Gender Now* will be essential reading for professionals and students of psychoanalysis who want to broaden their understanding of sexuality and gender in their clinical practice beyond heteronormative assumptions.

Moroccan Women, Activists, and Gender Politics Dec 24 2019 This book explores, through a feminist and institutionalist approach, how Moroccan women activists altered their national gender institution to improve the lives of all Moroccan women. The authors offer a template for studying change in national gender institutions that can be adopted by practitioners and scholars in other settings.

Encyclopedia of Social Problems Jun 22 2022 Social problems affect everyone. Because so many actual and potential problems confront us, it is often difficult to decide which ones affect us most severely. Is it the threat of death or injury during a terrorist attack? Is it the threat caused by industrial pollution that may poison us or destroy our physical environment? Or does quiet but viciously damaging gender, age, class, racial, or ethnic discrimination have the most far-reaching effect? Do the problems of cities affect us if we live in the suburbs? Do poorer nations' problems with overpopulation affect our quality of life? The *Encyclopedia of Social Problems* offers an interdisciplinary perspective into many social issues that are a continuing concern in our lives, whether we confront them on a personal, local, regional, national, or global level. With more than 600 entries, these two volumes cover all of the major theories, approaches, and contemporary issues in social problems and also provide insight into how social conditions get defined as social problems, and the ways different people and organizations view and try to solve them. **Key Features** · Provides as comprehensive an approach as possible to this multifaceted field by using experts and scholars from 19 disciplines: anthropology, biology, business, chemistry, communications, criminal justice, demography, economics, education, environmental studies, geography, health, history, languages, political science, psychology, social work, sociology, and women's studies · Presents a truly international effort with contributors from 17 countries: Argentina, Australia, Canada, England, France, Germany, Greece, Hong Kong, India, Ireland, Italy, Kenya, New Zealand, Romania, Scotland, Turkey, and the United States · Addresses social problems that are fairly new, such as computer crimes and identity theft, and others that are centuries old, such as poverty and prostitution · Examines social problems differently from place to place and from one era to another · Explains the perspectives and foundations of various social theories and offers different lenses to view the same reality **Key Themes** · Aging and the Life Course · Community, Culture, and Change · Crime and Deviance · Economics and Work · Education · Family · Gender Inequality and Sexual Orientation · Health · Housing and Urbanization · Politics, Power, and War · Population and Environment · Poverty and Social Class · Race and Ethnic Relations · Social Movements · Social Theory · Substance Abuse Readers investigating virtually any social problem will find a rich treasure of information and insights in this reference work, making it a must-have resource for any academic library.

Routledge International Handbook of Race, Class, and Gender Jul 23 2022 The *Routledge International Handbook of Race, Class, and Gender* chronicles the development, growth, history, impact, and future direction of race, gender, and class studies from a multidisciplinary perspective. The research in this subfield has been wide-ranging, including works in sociology, gender studies, anthropology, political science, social policy, history, and public health. As a result, the interdisciplinary nature of race, gender, and class and its ability to reach a large audience has been part of its appeal. The Handbook provides clear and informative essays by experts from a

variety of disciplines, addressing the diverse and broad-based impact of race, gender, and class studies. The Handbook is aimed at undergraduate and graduate students who are looking for a basic history, overview of key themes, and future directions for the study of the intersection of race, class, and gender. Scholars new to the area will also find the Handbook's approach useful. The areas covered and the accompanying references will provide readers with extensive opportunities to engage in future research in the area.

Law and Gender in Modern Ireland Jan 05 2021 *Law and Gender in Modern Ireland: Critique and Reform* is the first generalist text to tackle the intersection of law and gender in this jurisdiction for over two decades. As such, it could hardly have come at a more opportune moment. The topic of law and gender, perhaps more so than at any other time in Irish history, has assumed a dominant place in political and academic debate. Among scholars and policy-makers alike, the regulation of gendered bodies, and the legal status of sexual and gendered identities, is now a highly visible fault line in public discourse. Debates over reproductive justice (exemplified by the recent referendum to remove the '8th Amendment'), increased rights for lesbian, gay, bisexual and transgender persons (including the public-sanctioned introduction of same-sex marriage) and the historic mistreatment of women and young girls have re-shaped Irish public and political life, and encouraged Irish society to re-examine long-unchallenged gender norms. While many traditional flashpoints remain such as abortion and prostitution/sex work, there are also new questions, including surrogacy and the gendered experience of asylum frameworks, which have emerged. As policy-makers seek to enact reforms, they face a population with increasingly polarised perceptions of gender and a legal structure ill-equipped for modern realities. This edited volume directly addresses modern Irish debates on law and gender. Providing an overview of the existing rules and standards, as well as exploring possible options for reform, the collection stands as an important statement on the law in this jurisdiction, and as an invaluable resource for pursuing gendered social change. While the edited collection applies a doctrinal methodology to explain current statutes, case law and administrative practices, the contributors also invoke critical gender, queer and race perspectives to identify and problematise existing (and potential) challenges. This edited collection is essential reading for all who are interested in law, gender and processes of social change in modern Ireland.

The Intersectional Approach Mar 19 2022 Intersectionality, or the consideration of race, class, and gender, is one of the prominent contemporary theoretical contributions made by scholars in the field of women's studies that now broadly extends across the humanities, social sciences, and natural sciences. Taking stock of this transformative paradigm, *The Intersectional Approach* guides new and established researchers to engage in a critical reflection about the broad adoption of intersectionality that constitutes what the editors call a new "social literacy" for scholars. In eighteen essays, contributors examine various topics of interest to students and researchers from a feminist perspective as well as through their respective disciplines, looking specifically at gender inequalities related to globalization, health, motherhood, sexuality, body image, and aging. Together, these essays provide a critical overview of the paradigm, highlight new theoretical and methodological advances, and make a strong case for the continued use of the intersectional approach both within the borders of women's and gender studies and beyond. Contributors: Lidia Anchisi, Gettysburg College Naomi Andre, University of Michigan Jean Ait Belkhir, Southern University at New Orleans Michele Tracy Berger, University of North Carolina at Chapel Hill Kia Lilly Caldwell, University of North Carolina at Chapel Hill Elizabeth R. Cole, University of Michigan Kimberle Crenshaw, University of California, Los Angeles Bonnie Thornton Dill, University of Maryland Michelle Fine, Graduate Center, City University of New York Jennifer Fish, Old Dominion University Mako Fitts, Seattle University Kathleen Guidroz, Mount St. Mary's University Ivette Guzman-Zavala, Lebanon Valley College Kaaren Haldeman, Durham, North Carolina Catherine E. Professional Teacher Dispositions Jan 25 2020 The editors and authors of *Professional Teacher Dispositions: Additions to the Mainstream* contribute to the long tradition in education of the discussions of teacher dispositions. It is intended for novice and experienced teachers, for those who educate future teachers, and for those who hire teachers.

The Real World Apr 08 2021 "In every chapter, Ferris and Stein use examples from everyday life and pop culture to draw students into thinking sociologically and to show the relevance of sociology to their relationships, jobs, and future goals. Data Workshops in every chapter give students a chance to apply theoretical concepts to their personal lives and actually do sociology.

Diversity and Society Apr 20 2022 Adapted from Joseph F. Healey and Eileen O'Brien's bestselling *Race,*

Ethnicity, Gender, and Class, this brief and accessible text presents a unified sociological frame of reference to help students analyze minority-dominant relations in the U.S. Diversity and Society: Race, Ethnicity, and Gender, Fifth Edition explores the history and contemporary status of racial and ethnic groups in the U.S., including differences between the experiences of minority men and women. In addition, the book includes comparative, cross-national coverage of group relations.

Handbook of the Life Course Sep 13 2021 Building on the success of the 2003 Handbook of the Life Course, this second volume identifies future directions for life course research and policy. The introductory essay and the chapters that make up the five sections of this book, show consensus on strategic “next steps” in life course studies. These next steps are explored in detail in each section: Section I, on life course theory, provides fresh perspectives on well-established topics, including cohorts, life stages, and legal and regulatory contexts. It challenges life course scholars to move beyond common individualistic paradigms. Section II highlights changes in major institutional and organizational contexts of the life course. It draws on conceptual advances and recent empirical findings to identify promising avenues for research that illuminate the interplay between structure and agency. It examines trends in family, school, and workplace, as well as contexts that deserve heightened attention, including the military, the criminal justice system, and natural and man-made disaster. The remaining three sections consider advances and suggest strategic opportunities in the study of health and development throughout the life course. They explore methodological innovations, including qualitative and three-generational longitudinal research designs, causal analysis, growth curves, and the study of place. Finally, they show ways to build bridges between life course research and public policy.

Gendered Lives: Communication, Gender, and Culture, 8th Dec 04 2020 Written by leading gender communication scholar Julia T. Wood, GENDERED LIVES, Eighth Edition, introduces you to theories, research, and pragmatic information demonstrating the multiple and often interactive ways that our views of masculinity and femininity are shaped within contemporary culture. With the most up-to-date research, balanced perspectives of masculinity and femininity, a personal introduction to the field, and a conversational first-person writing style, GENDERED LIVES, Eighth Edition, is an engaging text that encourages you to think critically about gender and our society. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Mapping research and innovation in Lao People's Democratic Republic Aug 20 2019

Playing by the Rules Jul 11 2021 The purpose of this study was to understand how women lead and make meaning of their leadership in evangelical mission organizations. Twelve executive-level women were interviewed. They described how they came to lead and told stories of their successes and challenges. They also described their thoughts on why they were chosen to lead, and what it was like to be a woman leader in their organizations. Analysis of their stories revealed their challenges as well as organizations' ongoing ambivalence regarding women leaders. Conclusions from the study and suggestions for improved organizational practice are offered.

Race, Class, and Gender in the United States Sep 25 2022 This [book] undertakes the study of issues of race, gender, and sexuality within the context of class. -Pref.

Employment in Iowa: Guide to Employment Laws, Regulations, and Practices 3rd Edition Oct 22 2019 This concise, readable explanation of applicable federal and state law offers lawyers and other professionals quick answers to employment questions. Coverage includes: hiring, hours of work and payment of wages, health and safety standards, civil rights, union organizing, collective bargaining and strikes, employer liability for employees' acts, private health care and life insurance, disability or death of employee, employee retirement benefits, termination of employment, and advisors and information sources.

Social Inequality Aug 24 2022 A user-friendly introduction to social inequality. This text is a broad introduction to the many types of inequality– economics, status, political power, sex and gender, sexual orientation, race, and ethnicity– in U.S. society and in a global setting. The author provides a wide range of explanations for inequality and, using the latest research on the multiple impacts of inequality, surveys in detail the personal and social consequences of social inequality. Learning Goals Upon completing this book, readers will be able to: Understand that inequality is multidimensional Understand that it is essential to understand the explanations of the various forms of inequality in order to further a resolution to any inequality's undesirable consequences Understand the discussion of inequality in its broader, historical cultural and international context

devold.norml.org
