**The Life** Jul 23 2022 "I really enjoyed the story, and the details made the story even more realistic, I lost myself in the whole book." From the International Bestselling author, Sagar Constantin comes the first book in the addictive IN-BETWEEN series. Eva Monroe is returning from a three-week business trip, one in which she left her five-year-old son in the care of her estranged ex-husband when the plane that's taking her home crashes. The accident leaves her in a coma, unresponsive to doctors' attention and the urgings of her little boy. However, while Eva's body lies on the precipice of death, Eva's spirit has traveled to a place known as the In-Between - a world that is hovering in the clouds above our planet. The In-Between is a temporary home for people where they must decide whether to return to their lives on Earth or move on to the next stage in their development. It is a wondrous place, filled with spiritual aids and advanced technology. It is also a place where a person faces themselves fully for the first time. When Eva arrives at the In-Between, she is utterly sure of her decision: she wants to return to her son. Yet, she soon realizes that what she believes about herself and her place in the world isn't as straightforward as she'd always assumed. And with this realization comes the understanding that her decision will be much harder to make than she ever would have guessed. Thus, she is faced with the most challenging decision a parent can make.

Light on Life Dec 16 2021 B.K.S. Iyengar--hailed as "the Michelangelo of yoga" (BBC) and considered by many to be one of the most important yoga masters--has spent much of his life introducing the modern world to the ancient practice of yoga. Yoga's popularity is soaring, but its widespread acceptance as an exercise for physical fitness and the recognition of its health benefits have not been matched by an understanding of the emotional, intellectual, and spiritual development that the yogic tradition can also offer. In Light on Life, B.K.S. Iyengar brings readers this new and more complete understanding of the yogic journey. Here Iyengar explores the yogic goal to integrate the different parts of the self (body, emotions, mind, and soul), the role that the yoga postures and breathing techniques play in our search for wholeness, the external and internal obstacles that keep us from progressing along the path, and how yoga can transform our lives and help us to live in harmony with the world around us. For the first time, Iyengar uses stories from his own life, humor, and examples from modern culture to illustrate the profound gifts that yoga offers. Written with the depth of this sage's great wisdom, Light on Life is the culmination of a master's spiritual genius, a treasured companion to his seminal Light on Yoga.

*The Death and Life of Great American Cities* Jun 10 2021 Thirty years after its publication, *The Death and Life of Great American Cities* was described by *The New York Times* as "perhaps the most influential single work in the history of town planning....[It] can also be seen in a much larger context. It is first of all a work of literature; the descriptions of street life as a kind of ballet and the biting satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book's arguments." Jane Jacobs, an editor and writer on architecture in New York City in the early sixties, argued that urban diversity and vitality were being destroyed by powerful architects and city planners. Rigorous, sane, and delightfully epigrammatic, Jacobs's small masterpiece is a blueprint for the humanistic management of cities. It is sensible, knowledgeable, readable, indispensable. The author has written a new foreword for this Modern Library edition.

**Swear on This Life** Sep 20 2019 Booklist, Top 10 Women's Fiction of 2016 Goodreads Best Romance of August

Redbook.com's "20 Books by Women You Must Read This Fall" Popsugar's "21 Fiction Reads to Add to Your Fall Reading List" Bustle's "11 New Romance Books Perfect for Summer Beach Reading" Brit+Co's "16 Must-Read Adult Books Out in August" Sunset magazine's "Bookmark this: Your ultimate summer reading list" From USA TODAY bestselling author Renée Carlino (*Before We Were Strangers*), a warm and witty novel about a struggling writer who must come to grips with her past, present, and future after she discovers that she's the inspiration for a pseudonymously published bestselling novel. When a bestselling debut novel from mysterious author J. Colby becomes the literary event of the year, Emiline reads it reluctantly. As an adjunct writing instructor at UC San Diego with her own stalled literary career and a bumpy long-term relationship, Emiline isn't thrilled to celebrate the accomplishments of a young and gifted writer. Yet from the very first page, Emiline is entranced by the story of Emerson and Jackson, two childhood best friends who fall in love and dream of a better life beyond the long dirt road that winds through their impoverished town in rural Ohio. That's because the novel is patterned on Emiline's own dark and desperate childhood, which means that "J. Colby" must be Jase: the best friend and first love she hasn't seen in over a decade. Far from being flattered that he wrote the novel from her perspective, Emiline is furious that he co-opted her painful past and took some dramatic creative liberties with the ending. The only way she can put her mind at ease is to find and confront "J. Colby," but is she prepared to learn the truth behind the fiction?

One Day in the Life of Ivan Denisovich Nov 15 2021 "Stark . . . the story of how one falsely accused convict and his fellow prisoners survived or perished in an arctic slave labor camp after the war."—Time From the icy blast of reveille through the sweet release of sleep, Ivan Denisovich endures. A common carpenter, he is one of millions viciously imprisoned for countless years on baseless charges, sentenced to the waking nightmare of the Soviet work camps in Siberia. Even in the face of degrading hatred, where life is reduced to a bowl of gruel and a rare cigarette, hope and dignity prevail. This powerful novel of fact is a scathing indictment of Communist tyranny, and an eloquent affirmation of the human spirit. The prodigious works of Alexander Solzhenitsyn, including his acclaimed *The Gulag Archipelago*, have secured his place in the great tradition of Russian literary giants. Ironically, *One Day in the Life of Ivan Denisovich* is the only one of his works permitted publication in his native land. Praise for *One Day in the Life of Ivan Denisovich* "Cannot fail to arouse bitterness and pain in the heart of the reader. A literary and political event of the first magnitude."—New Statesman "Both as a political tract and as a literary work, it is in the Doctor Zhivago category."—Washington Post "Dramatic . . . outspoken . . . graphically detailed . . . a moving human record."—Library Journal

**Life Is in the Transitions** Jan 05 2021 A New York Times bestseller! A pioneering and timely study of how to navigate life's biggest transitions with meaning, purpose, and skill Bruce Feiler, author of the New York Times bestsellers *The Secrets of*

Happy Families and Council of Dads, has long explored the stories that give our lives meaning. Galvanized by a personal crisis, he spent the last few years crisscrossing the country, collecting hundreds of life stories in all fifty states from Americans who'd been through major life changes—from losing jobs to losing loved ones; from changing careers to changing relationships; from getting sober to getting healthy to simply looking for a fresh start. He then spent a year coding these stories, identifying patterns and takeaways that can help all of us survive and thrive in times of change. What Feiler discovered was a world in which transitions are becoming more plentiful and mastering the skills to manage them is more urgent for all of us. The idea that we'll have one job, one relationship, one source of happiness is hopelessly outdated. We all feel unnerved by this upheaval. We're concerned that our lives are not what we expected, that we've veered off course, living life out of order. But we're not alone. *Life Is in the Transitions* introduces the fresh, illuminating vision of the nonlinear life, in which each of us faces dozens of disruptors. One in ten of those becomes what Feiler calls a lifequake, a massive change that leads to a life transition. The average length of these transitions is five years. The upshot: We all spend half our lives in this unsettled state. You or someone you know is going through one now. The most exciting thing Feiler identified is a powerful new tool kit for navigating these pivotal times. Drawing on his extraordinary trove of insights, he lays out specific strategies each of us can use to reimagine and rebuild our lives, often stronger than before. From a master storyteller with an essential message, *Life Is in the Transitions* can move readers of any age to think deeply about times of change and how to transform them into periods of creativity and growth.

**George Washington** Sep 13 2021 When it comes to the Founding Fathers, Thomas Jefferson, Benjamin Franklin, and Alexander Hamilton are generally considered the great minds of early America. George Washington, instead, is toasted with accolades regarding his solid common sense and strength in battle. Indeed, John Adams once snobbishly dismissed him as "too illiterate, unlearned, unread for his station and reputation." Yet Adams, as well as the majority of the men who knew Washington in his life, were unaware of his singular devotion to self-improvement. Based on a comprehensive amount of research at the Library of Congress, the collections at Mount Vernon, and rare book archives scattered across the country, Kevin J. Hayes corrects this misconception and reconstructs in vivid detail the active intellectual life that has gone largely unnoticed in conventional narratives of Washington. Despite being a lifelong reader, Washington felt an acute sense of embarrassment about his relative lack of formal education and cultural sophistication, and in this sparkling literary biography, Hayes illustrates just how tirelessly Washington worked to improve. Beginning with the primers, forgotten periodicals, conduct books, and classic

eighteenth-century novels such as Tom Jones that shaped Washington's early life, Hayes studies Washington's letters and journals, charting the many ways the books of his upbringing affected decisions before and during the Revolutionary War. The final section of the book covers the voluminous reading that occurred during Washington's presidency and his retirement at Mount Vernon. Throughout, Hayes examines Washington's writing as well as his reading, from The Journal of Major George Washington through his Farewell Address. The sheer breadth of titles under review here allow readers to glimpse Washington's views on foreign policy, economics, the law, art, slavery, marriage, and religion-and how those views shaped the young nation.. Ultimately, this sharply written biography offers a fresh perspective on America's Father, uncovering the ideas that shaped his intellectual journey and, subsequently, the development of America.

**A DAY IN THE LIFE OF A PRESIDENT** Nov 03 2020 This is a story that spans from 1955 to sometime about 2045. A military government throws him into Nsawam Medium Prison for allegedly collaborating with his journalist friend Ernest Dzigbordi to overthrow the military junta, and regains his freedom when a democratically elected government takes over. Their Granddaughter Raabia Sedzro goes into politics and becomes the first woman president of her country. She is a successful president and all her good works are cut short when she is assassinated in 2031. The story of President Lankwei Addison takes the reader into campaign travels to the hinterland of Ghana, including some factual events in the governments of Presidents Rawlings, Kufuor, and Atta Mills. Part Four of the story is drum narrations of historical occurrences not told in the first three parts. As recorded by a media guru Dowbia Yousif, the grandson of Mercedes Huntman.
