The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization. In her classic books *The Courage to Heal* and *Allies in Healing*, Laura Davis helped millions cope with the trauma of child sexual abuse. Her supportive guide *Becoming the Parent You Want to Be* taught parents to create a vision for their families. Now, in *I Thought We'd Never Speak Again*, she tackles another critical, emerging issue: reconciling relationships sundered by betrayal, anger, and misunderstanding. With her trademark clarity and compassion, Davis maps the reconciliation process through gripping firstperson stories of people who have reconciled under a wide variety of difficult circumstances. In these pages, parents reconcile with children, embittered siblings reconnect, estranged friends reunite, and war veterans and crime victims meet with their enemies. Davis weaves these powerful accounts with her own experiences reconciling with her mother after a long, painful estrangement. Making a crucial distinction between reconciliation and forgiveness, Davis explains how people can make peace in relationships without necessarily forgiving past hurts. Step by step, she clarifies the qualities needed for reconciliation-including maturity, discernment, determination, courage, communication, and compassion. To help readers gauge their own readiness, she includes a self-assessment entitled "Are You Ready for Reconciliation?" as well as a special section called "Ideas for Reflection and Discussion." On each page of this inspiring and instructive book, Laura Davis offers hope and help for reconciliation between individuals, and in the larger human family, sharing essential keys for resolving troubled relationships and finding peace. Real solutions to a hidden epidemic: family estrangement. Estrangement from a family member is one of the most painful life experiences. It is devastating not only to the individuals directly involved--collateral damage can extend upward, downward, and across generations, More than 65 million Americans suffer such rifts, yet little guidance exists on how to cope with and overcome them. In this book, Karl Pillemer combines the advice of people who have successfully reconciled with powerful insights from social science research. The result is a unique guide to mending fractured families. Fault Lines shares for the first time findings from Dr. Pillemer's ten-year groundbreaking Cornell Reconciliation Project, based on the first national survey on estrangement; rich, in-depth interviews with hundreds of people who have experienced it; and insights from leading family researchers and therapists. He assures people who are estranged, and those who care about them, that they are not alone and that fissures can be bridged. Through the wisdom of people who have "been there," Fault Lines shows how healing is possible through clear steps that people can use right away in their own families. It addresses such questions as: How do rifts begin? What makes estrangement so painful? Why is it so often triggered by a single event? Are you ready to reconcile? How can you overcome past hurts to build a new future with a relative? Tackling a subject that is achingly familiar to almost everyone, especially in an era when powerful outside forces such as technology and mobility are lessening family cohesion, Dr. Pillemer combines dramatic stories, science-based guidance, and practical repair tools to help people find the path to reconciliation. Agriculturalist Fred Bahnson and theologian Norman Wirzba develop a vision for community renewal based on reconciliation with the land. With a balance of theological and practical insight, the authors lead communities into practices of local food production, eucharistic eating and delight in God's provision. Cross-cultural issues assume huge significance in any cross-national merger and acquisition activity. M&A is one of the key instruments of globalization and a critical route to business and economic growth and yet the vital cultural issues are all too frequently buried beneath management obsession with the legal, financial and operational obstacles to integration. Up to fifty per cent of mergers and acquisitions fail to meet the objectives of any of the parties involved and the principle source of that failure is a collective inability to merge cultures successfully. In *Mastering M&A*, Fons Trompenaars and Maarten Nijhoff Asser draw on the world-renowned Trompenaars Hampden Turner cross- cultural database and Culture Compass to show how widely cultures can differ and, by reconciling the dilemmas created by that difference, how rapidly and effectively they can be integrated. A new page-turning mystery about science, faith, love and belonging, set in a friendly desert community where ghosts, angels, aliens, and government conspiracies are commonplace parts of everyday life. Welcome to Night Vale... "Brilliant, hilarious, and wondrously strange. I'm packing up and moving to Night Vale!"--Ransom Riggs, #1 New York Times Bestselling Author of *Miss Peregrine's Home for Peculiar Children*. From the authors of the New York Times bestselling novel *Welcome to Night Vale* and the creators of the #1 international podcast of the same name, comes a mystery exploring the intersections of faith and science, the growing relationship between two young people who want desperately to trust each other, and the terrifying, toothy power of the Smiling God. Nilanjana Sikdar is an outsider to the town of Night Vale. Working for Carlos, the town's top scientist, she relies on fact and logic as her guiding principles. But all of that is put into question when Carlos gives her a special assignment investigating a mysterious rumbling in the desert wasteland outside of town. This investigation leads her to the Joyous Congregation of the Smiling God, and to Darryl, one of its most committed members. Caught between her beliefs in the ultimate power of science and her growing attraction to Darryl, she begins to suspect the Congregation is planning a ritual that could threaten the lives of everyone in town. Nilanjana and Darryl must search for common ground between their very different world views as they are faced with the Congregation's darkest and most terrible secret. The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race. OVER ONE MILLION COPIES SOLD! With this updated edition of their award-winning book, Drs. Les and Leslie Parrott help you launch lifelong love like never before. This is more than a book--it's an experience, especially when you use the his/her workbooks filled with more than 40 fun exercises. Get ready for deeper intimacy with the best friend you'll ever have. *Saving Your Marriage Before It Starts*, which has been translated into more than 15 languages, is the most widely used marriage prep tool in the world. Why? Because it will help you . . . Uncover the misbeliefs of marriage Learn to communicate with instant understanding Discover the secret to resolving conflict Master the skills of money management Get your sex life off to a great start A compelling video, featuring real-life couples, is available, and with this updated edition, Les and Leslie unveil the game-changing SYMBIS Assessment. Now you can discover how to leverage your personalities for a love that lasts a lifetime. Make your marriage everything it is meant to be. Save your marriage--before (and after) it starts. "Emotionally powerful and full of practical advice and resources." —PUBLISHERS WEEKLY Reconcile: Conflict Transformation for Ordinary Christians,by international mediator John Paul Lederach serves as a guidebook for Christians seeking a scriptural view of reconciliation and practical steps for transforming conflict. Originally published as *The Journey Toward Reconciliation* and based on Lederach's work in war zones on five continents, this revised and updated book tells dramatic stories of what works—and what doesn't—in entrenched conflicts between individuals and groups. Lederach leads readers through stories of conflict and reconciliation in Scripture, using these stories as anchors for peacemaking strategies that Christians can put into practice in families and churches. Lederach, who has written twenty-two books and whose work has been translated into more than twelve languages, also offers new lenses through which to view conflict, whether congregational conflicts or global terrorism. A new section of resources, created by mediation professionals, professors, and pastors, offers tools for understanding interpersonal, church, and global conflict, worship resources, books and websites for further study, and invitations to action in everyday life. Free downloadable study guide available here. You can save your relationship! The divorce courts are littered with broken marriages--and broken lives. Yet most people would save their marriages--if only they knew how. *Getting back together* is the solid, comprehensive guide you can count on to get your relationship back on track. No matter what issues you may face, this step-by-step program shows you how to take the initiative, reconcile your differences, and remake your relationship--from the ground up. In this completely revised edition, Drs. Young and Goetz provide the most current studies and relationship evaluation tools available. They also include numerous inspiring real-life stories of couples that have resurrected and renewed their relationships. Packed full of valuable information and comforting advice, *Getting Back Together* helps couples beat the odds and build a new, happier life together--forever. Have you ever been hurt by someone else that you needed to forgive? Have you ever hurt someone else and needed to ask their forgiveness? Do you find the forgiveness process difficult? Could unforgiveness be keeping you from peace and joy in your life? If you answered yes to any of these questions, this book is for you. Forgiveness impacts everyone of us—every relationship, every family, every business, every culture. And the truth is, no one benefits more than us when we forgive, and no one suffers more than us when we don't. Okay, so you know you're supposed to forgive, but how do you actually do it? *Forgive Your Way to Freedom* lays out a highly practical, biblical process that helps you walk, step-by-step, through the journey teaching you to: Release your power of forgiveness Resolve the pain of your past Restore your peace in the present Reclaim your purpose for the future Forgiveness has the power to transform lives, restore relationships, heal families, unite businesses, and rebuild nations. Because when we forgive, we are most like God. When you forgive your way to freedom, there is nothing you can't do! How does a newly democratized nation constructively address the past to move from a divided history to a shared future? How do people rebuild coexistence after violence? The International IDEA Handbook on Reconciliation after Violent Conflict presents a range of tools that can be, and have been, employed in the design and implementation of reconciliation processes. Most of them draw on the experience of people grappling with the problems of past violence and injustice. There is no "right answer" to the challenge of reconciliation, and so the Handbook prescribes no single approach. Instead, it presents the options and methods, with their strengths and weaknesses evaluated, so that practitioners and policy-makers can adopt or adapt them, as best suits each specific context. Also available in a French language version. In this timely and thorough volume, Michael Semple analyzes the rationale and effectiveness post-2001 attempts at reconciliation in Afghanistan. He explains the poor performance of these attempts and argues that rethinking is necessary if reconciliation is to help revive prospects for peace and stability in Afghanistan. The Indigenous Paleolithic of the Western Hemisphere is a reclaimed history of the deep past of Indigenous people in North and South America during the Paleolithic. Paulette F. C. Steeves mines evidence from archaeology sites and Paleolithic environments, landscapes, and mammalian and human migrations to make the case that people have been in the Western Hemisphere not only just prior to Clovis sites (10,200 years ago) but for more than 60,000 years, and likely more than 100,000 years. Steeves discusses the political history of American anthropology to focus on why pre-Clovis sites have been dismissed by the field for nearly a century. She explores supporting evidence from genetics and linguistic anthropology regarding First Peoples and time frames of early migrations. Additionally, she highlights the work and struggles faced by a small yet vibrant group of American and European archaeologists who have excavated and reported on numerous pre-Clovis archaeology sites. In this first book on Paleolithic archaeology of the Americas written from an Indigenous perspective, The Indigenous Paleolithic of the Western Hemisphere includes Indigenous oral traditions, archaeological evidence, and a critical and decolonizing discussion of the development of archaeology in the Americas. Popular myths about love set us up for a struggle with real life. The inconvenient truth is there's no such thing as a perfect partner, all couples fight, and feelings of love come and go like the weather. But that doesn't mean you can't have a joyful and romantic relationship. Through a simple program based on the revolutionary new mindfulness-based acceptance and commitment therapy (ACT), you can learn to handle painful thoughts and feelings more effectively and engage fully in the process of living and loving together. God calls us to forgive those who have hurt us, but that's often easier said than done. Combining insights from his professional research and personal experience, Everett L. Worthington, Jr. shows what it takes (intellectually, emotionally, spiritually, and relationally) to move toward and beyond forgiveness and to cross the bridge to reconciliation. "Criminal justice inquiries may be the most historically dramatic means for coming to terms with traumatic legacies, but it is in the more subtle social and cultural processes of "memory work" that most individuals encounter historical reconciliation in practice. This book analyzes, within the realms of national literature and film, recent Australian and Canadian attempts to reconcile with Indigenous populations in the wake of forced child removal. As Hanna Teichler demonstrates, their systematic emphasis on the subjectivity of the victim is "carnavalesque," temporarily overturning discursive hierarchies. Such fictions of reconciliation venture beyond simplistic narratives and identities defined by victimization, offering new opportunities for confronting painful histories"-- Inspired by the award-winning film of the same name. If you were told that a murderer was to be released into your neighborhood, how would you feel? But what if it weren't only one, but thousands? Could there be a common roadmap to reconciliation? Could there be a shared future after unthinkable evil? If forgiveness is possible after the slaughter of nearly a million in a hundred days in Rwanda, then today, more than ever, we owe it to humanity to explore how one country is addressing perceptual, social-psychological, and spiritual dimensions to achieve a more lasting peace. If forgiveness is possible after genocide, then perhaps there is hope for the comparably smaller rifts that plague our relationships, our communities, and our nation. Based on personal interviews and thorough research, *As We Forgive* returns to the boundary lines of genocide's wounds and traces the route of reconciliation in the lives of Rwandans--victims,

widows, orphans, and perpetrators--whose past and future intersect. We find in these stories how suffering, memory, and identity set up roadblocks to forgiveness, while mediation, truth-telling, restitution, and interdependence create bridges to healing. As *We Forgive* explores the pain, the mystery, and the hope through seven compelling stories of those who have made this journey toward reconciliation. The result is a narrative that breathes with humanity and is as haunting as it is hopeful. Looks at and synthesizes the experience of governments, employers and trade unions in various countries. NEW YORK TIMES BESTSELLER • ECPA BESTSELLER • “When it comes to the intersection of race, privilege, justice, and the church, Tasha is without question my best teacher. Be the Bridge is THE tool I wish to put in every set of hands.”—Jen Hatmaker WINNER OF THE CHRISTIAN BOOK AWARD® • Winner of the Christianity Today Book Award • A leading advocate for racial reconciliation calls Christians to move toward deeper understanding in the midst of a divisive culture. In an era where we seem to be increasingly divided along racial lines, many are hesitant to step into the gap, fearful of saying or doing the wrong thing. At times the silence, particularly within the church, seems deafening. But change begins with an honest conversation among a group of Christians willing to give a voice to unspoken hurts, hidden fears, and mounting tensions. These ongoing dialogues have formed the foundation of a global movement called Be the Bridge—a nonprofit organization whose goal is to equip the church to have a distinctive and transformative response to racism and racial division. In this perspective-shifting book, founder Latasha Morrison shows how you can participate in this incredible work and replicate it in your own community. With conviction and grace, she examines the historical complexities of racism. She expertly applies biblical principles, such as lamentation, confession, and forgiveness, to lay the framework for restoration. Along with prayers, discussion questions, and other resources to enhance group engagement, Be the Bridge presents a compelling vision of what it means for every follower of Jesus to become a bridge builder—committed to pursuing justice and racial unity in light of the gospel. The bookkeeper needs a comprehensive knowledge of the practical aspects of accounting. This means understanding how to issue billings, process cash receipts, calculate depreciation, construct a chart of accounts, value inventory, pay employees and suppliers, file tax returns, and produce financial statements. The Bookkeeping Guidebook covers all of these topics and more with dozens of examples, as well as forms, templates, and references to the author's popular Accounting Best Practices podcast. Blending keen insight with engaging anecdotes and practical advice, this easy-to-read book will give you the tools you need to feel confident living with, working with and supporting our First Nations peoples. Equip yourself with the skills to communicate without fear of misunderstanding or offence. Build strategies for engaging communities respectfully and strengthening partnerships. And most of all, be proud of the incredible richness of the oldest continuing culture in the world. A great place to start to help people understand the issues involved in conciliation between Aboriginal and Torres Strait Islander and non-Aboriginal Australians.- Bruce Pascoe, Author, *Dark Emu* Through seven simple, reasonable and practical steps, this book enables individuals to take ownership of their contribution to Reconciliation in this country.- The Hon Linda Burney, MP What an insightful and accessible book? I strongly recommend this book to all and especially to organisations committed to reconciliation.- David Liddiard, OAM This is a timely and important book. Munya and Carla offer a much-needed practical guide for people to personally or collectively take action.- Senator Rachel Siewert If understanding Aboriginal cultures is an interest of yours, this is the book for you.- Bob Dick With information about Aboriginal culture, language and spirituality, you will return to this book again and again. It instills a sense of awe and shared pride in who we are as a nation and more than delivers as an action plan, it opens our hearts and minds.- The Honourable Justice Helen Wood Supreme Court of Tasmania Based on Dharma talks by Zen Master Thich Nhat Hanh and insights from participants in retreats for healing the inner child, this book is an exciting contribution to the growing trend of using Buddhist practices to encourage mental health and wellness. Reconciliation focuses on the theme of mindful awareness of our emotions and healing our relationships, as well as meditations and exercises to acknowledge and transform the hurt that many of us experienced as children. The book shows how anger, sadness, and fear can become joy and tranquility by learning to breathe with, explore, meditate, and speak about our strong emotions. Reconciliation offers specific practices designed to bring healing and release for people suffering from childhood trauma. The book is written for a wide audience and accessible to people of all backgrounds and spiritual traditions. Perhaps no country in history has so directly and thoroughly confronted its past in an effort to shape its future as has South Africa. Working from the belief that understanding the past will help build a more peaceful and democratic future, South Africa has made a concerted, institutionalized effort to come to grips with its history of apartheid through its Truth and Reconciliation Commission. In *Overcoming Apartheid*, James L. Gibson provides the first systematic assessment of whether South Africa's truth and reconciliation process has been successful. Has the process allowed South Africa to let go of its painful past and move on? Or has it exacerbated racial tensions by revisiting painful human rights violations and granting amnesty to their perpetrators? *Overcoming Apartheid* reports on the largest and most comprehensive study of post-apartheid attitudes in South Africa to date, involving a representative sample of all major racial, ethnic, and linguistic groups. Grounding his analysis of truth in theories of collective memory, Gibson discovers that the process has been most successful in creating a common understanding of the nature of apartheid. His analysis then demonstrates how this common understanding is helping to foster reconciliation, as defined by the acceptance of basic principles of human rights and political tolerance, rejection of racial prejudice, and acceptance of the institutions of a new political order. Gibson identifies key elements in the process—such as acknowledging shared responsibility for atrocities of the past—that are essential if reconciliation is to move forward. He concludes that without the truth and reconciliation process, the prospects for a reconciled, democratic South Africa would diminish considerably. Gibson also speculates about whether the South African experience provides any lessons for other countries around the globe trying to overcome their repressive pasts. A groundbreaking work of social science research, *Overcoming Apartheid* is also a primer for utilizing innovative conceptual and methodological tools in analyzing truth processes throughout the world. It is sure to be a valuable resource for political scientists, social scientists, group relations theorists, and students of transitional justice and human rights. Irshad Manji's message of moral courage, with stories about contemporary reformers such as Martin Luther King, Jr., Gandhi, and Islam's own Gandhi, inspire and show the way to practicing faith without fear. Irshad addresses all people, Muslim and non-Muslim alike, in this universal message about the importance of independent thought and internal strength, of love, liberty, free speech, and the pursuit of happiness. Allah, Liberty, and Love is about creating choices beyond conforming or leaving the faith, which is what Manji hears from young Muslims who write to her in frustration, whose emails, letters, and conversations are included in this book. Manji writes, "I'll show struggling Muslims how to embrace a third option: reforming ourselves." And she recounts many affecting stories from young people who have contacted her for advice on how to step out of limiting views of Islam and the restrictions they put on life, love, family, and careers. A reasonably priced, quality black hardcover pew and ministry Bible featuring a large 12-point font. Provides a new conceptualization of competition law as economic inequality and its interaction with efficiency become of central concern to policy and decision-makers. Examines the relationship between Mughal political culture and the two dominant strains of Islam's Sufi traditions in South Asia: one centred around orthodoxy, the other focusing on a more accommodating and mystical spirituality. Based on a critical study of a large number of contemporary Persian texts, court chronicles, epistolary collections, and biographies of sufi mystics, *The Mughals and the Sufis* examines the complexities in the relationship between Mughal political culture and the two dominant strains of Islam's Sufi traditions in South Asia: one centered around orthodoxy, the other focusing on a more accommodating and mystical spirituality. Muzaffar Alam analyses the interplay of these elements, their negotiation and struggle for resolution via conflict and coordination, and their longer-term outcomes as the empire followed its own political and cultural trajectory as it shifted from the more liberal outlook of Emperor Akbar "The Great" (r. 1556–1605) to the more rigid attitudes of his great-grandson, Aurangzeb 'Alamgir (r. 1658–1701). Alam brings to light many new and underutilized sources relevant to the religious and cultural history of the Mughals and reinterprets well-known sources from a new perspective to provide one of the most detailed and nuanced portraits of Indian Islam under the Mughal Empire available today. Muzaffar Alam is George V. Bobrinsky Professor in South Asian Languages and Civilizations at the University of Chicago. He is the author of several books, including, *The Languages of Political Islam: India 1200–1800* and *The Crisis of Empire in Mughal North India: Awadh and the Punjab, 1707–1748*. The Pocket Guide to the Sacrament of Reconciliation is a beautiful, prayerful book by Fr. Mike Schmitz and Fr. Josh Johnson which helps Catholics enter in to the Sacrament of Reconciliation more deeply. Our world is broken and cries out for reconciliation. But mere conflict resolution and peacemaking are not enough. What makes real reconciliation possible? How is it that some people are able to forgive the most horrendous of evils? And what role does God play in these stories? Does reconciliation make any sense apart from the biblical story of redemption? Secular models of peacemaking are insufficient. And the church has not always fulfilled its call to be agents of reconciliation in the world. In *Reconciling All Things* Emmanuel Katongole and Chris Rice, codirectors of the Center for Reconciliation at Duke Divinity School, cast a comprehensive vision for reconciliation that is biblical, transformative, holistic and global. They draw on the resources of the Christian story, including their own individual experiences in Uganda and Mississippi, to bring solid, theological reflection to bear on the work of reconciling individuals, groups and societies. They recover distinctively Christian practices that will help the church be both a sign and an agent of God's reconciling love in the fragmented world of the twenty-first century. This powerful, concise book lays the philosophical foundations for the Resources for Reconciliation, a new series from InterVarsity Press and the Center for Reconciliation at Duke Divinity School which explores what it means to pursue hope in areas of brokenness in theory and practice. Nationally recognized speaker and church leader Jay Augustine demonstrates that the church is called and equipped to model reconciliation, justice, diversity, and inclusion. This book develops three uses of the term "reconciliation": salvific, social, and civil. Augustine examines the intersection of the salvific and social forms of reconciliation through an engagement with Paul's letters and uses the Black church as an exemplar to connect the concept of salvation to social and political movements that seek justice for those marginalized by racism, class structures, and unjust legal systems. He then traces the reaction to racial progress in the form of white backlash as he explores the fate of civil reconciliation from the civil rights era to the Black Lives Matter movement. This book argues that the church's work in reconciliation can serve as a model for society at large and that secular diversity and inclusion practices can benefit the church. It offers a prophetic call to pastors, church leaders, and students to recover reconciliation as the heart of the church's message to a divided world. Foreword by William H. Willimon and afterword by Michael B. Curry. The only comprehensive account of operational risk in securities settlements Securities Operations focuses on the settlement aspects of a securities transaction. As financial analysts make a greater effort toward quantifying and managing operational risk, they are paying more attention to securities transactions in general and to the settlement phase in particular. While describing the practical issues, this book enumerates the different "back office" related risks potentially encountered throughout the settlement. Simmons also covers more advanced topics such as derivatives, trade compensation, internal allocation of funding costs, and operational performance measurement. Michael Simmons (London, UK) is currently Head of Business Consultancy at Wilco International, a major software systems provider to the financial markets. Over the years, financial professionals around the world have looked to the Wiley Finance series and its wide array of bestselling books for the knowledge, insights, and techniques that are essential to success in financial markets. As the pace of change in financial markets and instruments quickens, Wiley Finance continues to respond. With critically acclaimed books by leading thinkers on value investing, risk management, asset allocation, and many other critical subjects, the Wiley Finance series provides the financial community with information they want. Written to provide professionals and individuals with the most current thinking from the best minds in the industry, it is no wonder that the Wiley Finance series is the first and last stop for financial professionals looking to increase their financial expertise. "In these tales the reader can observe Anne's writing prowess grow from that of a young girl's into the observations of a perceptive, edgy, witty and compassionate woman"--Jacket flaps. Beyond Divorced received the 2014 Independent Publisher's Award (IPPY) for excellence. Beyond Divorce helps people every day to overcome the pain and turmoil of divorce and get back to a happy life again. With exercises, tips, tools, personal stories and insight gleaned from decades of experience, Jeannine Lee leads readers through the emotional landmine that is divorce and onto a path of safety and self-discovery. This path can, and often does lead to a more authentic version of self and an enlarged capacity to do life well. We can see the injustice and inequality in our lives and in the world. But how, exactly, does one reconcile? Based on her extensive work with churches and organizations, Rev. Dr. Brenda Salter McNeil has created a roadmap to show us the way. This revised and expanded edition shows us how to take the next step into unity, wholeness, and justice. This volume brings together Indigenous and non-Indigenous repatriation practitioners and researchers to provide the reader with an international overview of the removal and return of Ancestral Remains. The Ancestral Remains of Indigenous peoples are today housed in museums and other collecting institutions globally. They were taken from anywhere the deceased can be found, and their removal occurred within a context of deep power imbalance within a colonial project that had a lasting effect on Indigenous peoples worldwide. Through the efforts of First Nations campaigners, many have returned home. However, a large number are still retained. In many countries, the repatriation issue has driven a profound change in the relationship between Indigenous peoples and collecting institutions. It has enabled significant steps towards resetting this relationship from one constrained by colonisation to one that seeks a more just, dignified and truthful basis for interaction. The history of repatriation is one of Indigenous perseverance and success. The authors of this book contribute major new work and explore new facets of this global movement. They reflect on nearly 40 years of repatriation, its meaning and value, impact and effect. This book is an invaluable contribution to repatriation practice and research, providing a wealth of new knowledge to readers with interests in Indigenous histories, self-determination and the relationship between collecting institutions and Indigenous peoples. Apology and forgiveness are the building blocks of healing and reconciliation. Everyone has been the offender and the victim in relational conflicts. The decision and execution of apology and forgiveness determine the degree of intimacy in the future relationship. The foundation for this book is an understanding of the variety of approaches to apology and forgiveness so the reader can more intentionally manage her relationships. Instead of pushing one approach, the concepts are presented to assist the reader in considering factors that might influence the type of apology or forgiveness that is most appropriate for the situation. In addition to empowering the reader to better manage his own affairs, the book considers whether and how to encourage others to apologize and forgive. The advisor role is examined from the perspectives of a family member or friend, an attorney, and professionals in peacemaking roles like mediators, therapists, ombudspersons, human resource professionals, clergy, and a long list of others whose job it is to help people heal from interpersonal injuries. This book invites the reader into the classroom where this class has been taught to lawyers, mediators, and graduate students at Pepperdine University's School of Law. The classes welcome student viewpoints that run the gamut from sharing personal experiences that reinforce class concepts to ardently disagreeing with the author's perspective as only a law student can do. The classroom dialogue is replicated by the extensive inclusion of student journals in the book's narrative. This is a self-help book aimed at teaching people how to forgive and reconcile, founded on scientific research and clinical psychology, rather than on uncontrolled clinical practice, personal testimony, or theology. The author, a clinical psychologist and psychology professor, has spent years researching forgiveness and reconciliation, including how people respond physiologically to transgression, and how they calm down when they forgive. He has distilled his research on forgiveness into a five-step model called the Pyramid Model to REACH Forgiveness, the details of which make up the first part of the book; his four-step Bridge to Reconciliation makes up the second part. Steps to REACH Forgiveness and to Reconcile is framed very personally. It not only describes how forgiveness occurs in clinical practice and normal human relationships, it also describes the author's personal story in forgiving the murder of his mother. It deals with self-forgiveness as well. Steps to REACH Forgiveness and to Reconcile can serve as a supplemental reading in courses like Positive Psychology, Personal Adjustment, Stress and Stress Management, or even Psychology 101. It would also be appropriate for courses in Social Relationships, Marriage and Family, Peace Studies, and any discipline dealing with communication and human relationships. As the author's own story attests, people can learn to forgive and reconcile. Steps to REACH Forgiveness and to Reconcile presents an evidence-based intervention to help people do so more quickly and easily, if they are committed to trying. A warm, empathetic guide to understanding, coping with, and healing from the unique pain of sibling estrangement "Whenever I tell people that I am working on a book about sibling estrangement, they sit up a little straighter and lean in, as if I've tapped into a dark secret." Fern Schumer Chapman understands the pain of sibling estrangement firsthand. For the better part of forty years, she had nearly no relationship with her only brother, despite many attempts at reconnection. Her grief and shame were devastating and isolating. But when she tried to turn to others for help, she found that a profound stigma still surrounded estrangement, and that very little statistical and psychological research existed to help her better understand the rift that had broken up her family. So she decided to conduct her own research, interviewing

psychologists and estranged siblings as well as recording the extraordinary story of her own rift with her brother--and subsequent reconciliation. *Brothers, Sisters, Strangers* is the result--a thoughtfully researched memoir that illuminates both the author's own story and the greater phenomenon of estrangement. Chapman helps readers work through the challenges of rebuilding a sibling relationship that seems damaged beyond repair, as well as understand when estrangement is the best option. It is at once a detailed framework for understanding sibling estrangement, a beacon of solidarity and comfort for the estranged, and a moving memoir about family trauma, addiction, grief, and recovery. *The Unwavering* is a collection of short fiction stories exploring reconciliation between humans and the multifaceted nature of relationships. The book centers upon how we reconcile in our relationships with others but, most importantly, how we can reconcile with ourselves. *The Unwavering* ignites reflection and introspection in you by pressing into essential questions like: How do we reconcile in our relationships with others? Where do we fail to see where they end, and we begin? How can we listen to the needs of others? How do we lead our lives? Are we listening to the needs and wants that are not our own? Where do we fail to reconcile with ourselves? What do we ignore in ourselves? Are we recognizing and honoring our individual stories and needs? Intertwining themes like mental health, alcoholism, sex, relationships, and queerness, Lily H.D. Smith's *The Unwavering* seeks to underline and uncover the questions we don't even know we're wondering.
