**Champion Buffalo Hunter** Nov 24 2019 The *Champion Buffalo Hunter* is the fascinating memoir of one of the most legendary frontiersmen of the early West, "Yellowstone Vic" Smith. Born Victor Grant Smith in 1850, he lived a colorful life across the American frontier from the 1870s to 1890s. A classic frontiersman, he was a trapper, dispatch rider, scout, trick shot—and, yes, buffalo hunter extraordinaire. Discovered in Harvard University's Houghton Library in 1990, this remarkable autobiography—which Smith wrote in the third person—is comparable to Andrew Garcia's *Tough Trip through Paradise*, but, notes the editor, "without the melodrama." Written in a matter-of-fact, often humorous style, it will engage and entertain all those interested in the lives and times of the men who wandered the West, following the great herds and settling only long enough for the snows to melt. This new edition includes a revised and updated foreword by Jeanette Producers based on new research into the life of Yellowstone Vic.

But when an unexpected intruder stumbles upon their campsite—shockingly thin, disturbingly pale, and voraciously hungry—Tim and the boys are exposed to something far more frightening than any tale of terror. The human carrier of a bioengineered nightmare. A horror that spreads faster than fear. A harrowing struggle for survival with no escape from the elements, the infected...or one another. His 42-day story ricochets between stunning successes and extraordinary cock-ups, moving from corpse-strewn battlefields to stealthy operations at the dead of night.

**Underground Airlines** Jan 19 2022 The bestselling book that asks the question: what would present-day America look like if the Civil War never happened? A New York Times bestseller; a Goodreads Choice finalist; named one of the Best Books of the Year by NPR, Slate, Publishers Weekly, Hudson Bookseller, St. Louis Post-Dispatch, Kirkus Reviews, AudioFile Magazine, and Amazon A young black man calling himself Victor has struck a bargain with federal law enforcement, working as a bounty hunter for the US Marshall Service in exchange for his freedom. He's got plenty of work. In this version of America, slavery continues in four states called "the Hard Four." On the trail of a runaway known as Jackdaw, Victor arrives in Indianapolis knowing that something isn't right—with the case file, with his work, and with the country itself. As he works to infiltrate the local cell of a abolitionist movement called the Underground Airlines, tracking Jackdaw through the back rooms of churches, empty parking garages, hotels, and medical offices, Victor believes he's hot on the trail. But his strange, increasingly uncanny pursuit is complicated by a boss who won't reveal the extraordinary stakes of Jackdaw's case, as well as by a heartbreaking young woman and her child—who may be Victor's salvation. Victor believes himself to be a good man doing bad work, unwilling to give up the freedom he has worked so hard to earn. But in pursuing Jackdaw, Victor discovers secrets at the core of the country's arrangement with the Hard Four, secrets the government will preserve at any cost. *Underground Airlines* is a ground-breaking novel, a wickedly imaginative thriller, and a story of an America that is more like our own than we'd like to believe.

**The Anomaly** Aug 26 2022 A New York Times bestseller and a "Best Thriller of the Year" Winner of the Goncourt Prize and now an international phenomenon, this dizzying, whip-smart novel blends crime, fantasy, sci-fi, and thriller as it plumbs the mysteries surrounding a Paris-New York flight. Who would we be if we had made different choices? Told that secret, left that relationship, written that book? We all wonder—the passengers of Air France 006 will find out. In their own way, they were all living double lives when they boarded the plane: Blake, a respectable family man who works as a contract killer. Slimbo, a Nigerian pop star who uses his womanizing image to hide that he's gay. Joanna, a Black American lawyer pressured to play the good old boys' game to succeed with her Big Pharma client. Victor Miesel, a critically acclaimed yet largely obscure writer suddenly on the precipice of global fame. About to start their descent to JFK, they hit a shockingly violent patch of turbulence, emerging on the other side to a reality both perfectly familiar and utterly strange. As it charts the fallout of this logic-defying event, *The Anomaly* takes us on a journey from Lagos and Mumbai to the White House and a top-secret hangar. In Hervé Le Tellier's most ambitious work yet, high literature follows the lead of a bingeable Netflix series, drawing on the best of genre fiction from "chick lit" to mystery, while also playfully critiquing their hallmarks. An ingenious, timely variation on the *doppelgänger* theme, it taps into the parts of ourselves that elude us most.

**Human Targets** Mar 29 2020 Victor Rios has a vibrant reputation as America's leading ethnographer of Latino youth. His personal storytelling from drug pusher (selling heroin on the streets as a teenager) to a hard worker at a mechanic shop within a matter of weeksshow how he stands in the place of the Latino youths he studies. His story underscores the degree to which delinquent urban youths can become adaptable, fluid, amenable individuals, able to shift their views of the world as well as their actions. Rios rejects the old storyline that said gangs are bad and they do bad things because they are bad people. Kids on the street, he argues, can drift between different identities, indeed, they can shift seamlessly between responsible and deviant displays within a few hours time. The key to understanding gang-associated youth lies in analysis of the way authority figures (teachers and police officers) interact with young people. The kids need caring adults who offer tangible resources. Story and characters are always front-and-center in Rios's narrative: Jorge, Mark, Wilson, and others, are boys we get to know as they negotiate day-to-day life on the streets and across institutional settings. We learn a great deal about Cholo subculture, the clothing and hairstyles, and the argot that are adopted by Latino youth in response to the forces that seek to marginalize or punish them. The crisis of a perceived epidemic of police brutality in our post-Ferguson era is a product of culture in Rios's view: contested symbols, negative interactions, and day-to-day encounters that freeze youth identities as gang-associated, and that freeze authority identities as negative shapers of youth attitudes and actions are the dynamic. Fear of young males of color leads to police misreading and dehumanizing of young black and Latino men. Rios raises our awareness of how this dynamic operates by studying his subjects whole: following young gang members into their schools, their homes, their community organizations, their detention facilities, and watching them interact with police, watching them grow up to become fathers, get jobs, get rap sheets. Get killed. This book will be a landmark contribution to the social psychology of poverty and crime."
