**Imagine a World** Mar 06 2021 Rob Gonsalves—master of magical realism—presents another mesmerizing picture book in his Imagine a... series, that will “stimulate wonder and imagination” (Booklist, starred review). Imagine a world where the sky becomes the Earth; where a waterfall freefalls to become dancing women; where you can cut mountains out of curtains, and ships sail into the sky. This amazing world is what Rob Gonsalves has created. His vision inspires and astounds—and he wants to share that vision with you. With stunning illustrations that stretch the limits of the imagination, this fourth installment in the Imagine a... series explores a world that is boundless and beautiful, inviting you to imagine a world of possibilities—to imagine this world.

**World as Family** Aug 31 2020 A Vedic phrase asks us to “treat the world as family.” In our age of global crises—pandemics, climate crisis, crippling inequality—this sentiment is more necessary than ever. Solutions to these seemingly insurmountable problems demand new approaches to thinking and acting locally, nationally, and transnationally, sometimes sequentially but often simultaneously. This is the mentality of the immigrant, the exchange student, the global native, and all who have made a life in a new place by choice or by necessity. Yet we suffer from a lack of the truly capacious thinking that is so urgently needed. Vishakha N. Desai uses her life experiences to explore the significance of living globally and its urgency for our current moment. She weaves her narrative arc from growing up in a Gandhian household in Ahmedabad to arriving in the United States as a seventeen-year-old exchange student and her subsequent career as a dancer, curator, institutional leader, and teacher against the broad sweep of political and social changes in the two countries she calls home. Through her personal story, Desai reframes the idea of what it means to be global, considering how to lead a life of multiple belongings without losing local and national affinities. Vividly conjuring the complexities and exhilaration of a life that is rooted in many places, *World as Family* is a vital book for everyone who aspires to connect across borders—real and perceived—and bring to fruition the ideal of a global family.

**A World of Becoming** Dec 27 2022 Considers how non-linear notions of causality and time—where multiple, interacting, and partially open systems coexist—could transform the way we imagine political action.

**A World of Curiosities** Jan 16 2022 From Afghanistan to Zimbabwe: everything you never knew you never knew about every country on Earth. A scientist by training and an explorer by passion, Dr. John Oldale has logged half a million miles visiting more than ninety nations. Now, he celebrates our weird and wonderful world in a cornucopia of fascinating facts brought vividly to life through the unexpected stories behind them. Touching on history, travel, politics, natural history and more, he paints a unique portrait of each country from the mightiest to the most miniscule. You won't find the following in your average travel guide: · Why is kissing on trains banned in France? · In what country are litigants expected to present their case at court in the form of a poem? · Which war did women win in 1929 just by sitting down? · If Panama hats aren't from Panama, where are they from? · Who eat fresh camel dung as a cure for dysentery (and why does it work)? · Why were US disk jockeys once told they could play birthday requests on any day except the one requested? · Which modern dictator banned old age, libraries and gold teeth, and was later replaced by his dentist? · And 2,000 more funny, trivial, poignant, and telling facts A must for active and armchair globe-trotters alike. *A World of Curiosities* will engross anyone who is at all curious about the world beyond their door. Explore and enjoy.

**A World of Opposites** Jul 30 2020 From ALONE and TOGETHER to ABOVE and BELOW, Gray Malin's stunning photography shows off opposites from all over the world Join Gray Malin as he explores the concept of opposites through his eye-popping photographs taken from Antarctica to Africa. Readers will delight in journeying from the barren desert landscape of Namibia (DRY) to the crashing teal waves of the Australian ocean (WET). His bright and colorful photographs hold heaps of kid appeal, making this the perfect gift for satisfying young readers' sense of imagination and innate desire to learn more about the world. Gray Malin is a photographer best known for his aerial beach photography, which he has transformed into a lighthearted, conversation-igniting, joyful brand. His work's sense of adventure and escapism has turned him into a household name. He lives in Los Angeles.

**A World of Images** Jan 04 2021

**A World of Turmoil** May 08 2021 The United States, the People's Republic of China, and Taiwan have danced on the knife's edge of war for more than seventy years. A work of sweeping historical vision, *A World of Turmoil* offers case studies of five critical moments: the end of World War II and the start of the Long Cold War; the almost-nuclear war over the Quemoy Islands in 1954–1955; the détente, deceptions, and denials surrounding the 1972 Shanghai Communiqué; the Taiwan Strait Crisis of 1995–1996; and the rise of postcolonial nationalism in contemporary Taiwan. Diagnosing the communication dispositions that structured these events reveals that leaders in all three nations have fallen back on crippling stereotypes and self-serving denials in their diplomacy. The first communication-based study of its kind, this book merges history, rhetorical criticism, and advocacy in a tour de force of international scholarship. By mapping the history of miscommunication between the United States, China, and Taiwan, this provocative study shows where and how our entwined relationships have gone wrong, clearing the way for renewed dialogue, enhanced trust, and new understandings.

**A World of Cities** Oct 21 2019 Synopsis coming soon.....

**A World of Difference** Mar 18 2022 When the Viking lander on the planet Minerva was destroyed, sending back one last photo of a strange alien being, scientists on Earth were flabbergasted. And so a joint investigation was launched by the United States and the Soviet Union, the first long-distance manned space mission, and a symbol of the new peace between the two great rivals. Humankind's first close encounter with extraterrestrials would be history in the making, and the two teams were schooled in diplomacy as well as in science. But nothing prepared them for alien war—especially when the Americans and the Soviets found themselves on opposite sides. . . . Praise for *A World of Difference* “A master storyteller.”—Houston Chronicle “[Harry] Turtledove has proved he can divert his readers to astonishing places. he's developed a cult following over the years. . . . I know I'd follow his imagination almost anywhere.”—San Jose Mercury News “Turtledove never tires of exploring the paths not taken, bringing to his storytelling a prodigious knowledge of his subject and a profound understanding of human sensibilities and motivations.”—Library Journal

**A World of Words** Sep 24 2022 Welcome to *A World of Words*! This contemporary illustrated treasury of everyday first words contains over 250 words for your toddlers to discover. They will enjoy exploring the brightly-coloured themed pages and busy scenes within *A World of Words*. Clear labels and simple questions on every page will not only encourage a child's curiosity but also support further learning and language development. The clear and stylish artwork from Emilie Lapeyre will help children connect each word with their image and help little learners as they develop into little readers. First words Introduces the world Recommended for children 2+

**US Education in a World of Migration** Aug 11 2021 Given the protracted, varied, and geographically expansive changes in migration over time, it is difficult to establish an overarching theory that adequately analyzes the school experiences of immigrant youth in the United States. This volume extends the scholarly work on these experiences by exploring how immigrants carve out new identities, construct meanings, and negotiate spaces for themselves within social structures created or mediated by education policy and practice. It highlights immigrants that position themselves within global movements while experiencing the everyday effects of federal, state, and local education policy, a phenomenon referred to as glocal (global-local) or localized global phenomena. Chapter authors acknowledge and honor the agency that immigrants wield, and combine social theories and qualitative methods to empirically document the ways in which immigrants take active roles in enacting education policy. Surveying immigrants from China, Bangladesh, India, Haiti, Japan, Colombia, and Liberia, this volume offers a broad spectrum of immigrant experiences that problematize policy narratives that narrowly define notions of "immigrant," "citizenship," and "student."

**A World in Disarray** Jun 09 2021 "A valuable primer on foreign policy: a primer that concerned citizens of all political persuasions—not to mention the president and his advisers—could benefit from reading." —The New York Times An examination of a world increasingly defined by disorder and a United States unable to shape the world in its image, from the president of the Council on Foreign Relations Things fall apart; the center cannot hold. The rules, policies, and institutions that have guided the world since World War II have largely run their course. Respect for sovereignty alone cannot uphold order in an age defined by global challenges from terrorism and the spread of nuclear weapons to climate change and cyberspace. Meanwhile, great power rivalry is returning. Weak states pose problems just as confounding as strong ones. The United States remains the world's strongest country, but American foreign policy has at times made matters worse, both by what the U.S. has done and by what it has failed to do. The Middle East is in chaos, Asia is threatened by China's rise and a reckless North Korea, and Europe, for decades the world's most stable region, is now anything but. As Richard Haass explains, the election of Donald Trump and the unexpected vote for “Brexit” signals that many in modern democracies reject important aspects of globalization, including borders open to trade and immigrants. In *A World in Disarray*, Haass argues for an updated global operating system—call it world order 2.0—that reflects the reality that power is widely distributed and that borders count for less. One critical element of this adjustment will be adopting a new approach to sovereignty, one that embraces its obligations and responsibilities as well as its rights and protections. Haass also details how the U.S. should act towards China and Russia, as well as in Asia, Europe, and the Middle East. He suggests, too, what the country should do to address its dysfunctional politics, mounting debt, and the lack of agreement on the nature of its relationship with the world. *A World in Disarray* is a wise examination, one rich in history, of the current world, along with how we got here and what needs doing. Haass shows that the world cannot have stability or prosperity without the

United States, but that the United States cannot be a force for global stability and prosperity without its politicians and citizens reaching a new understanding.

**The World in a Book** Oct 25 2022 Based on the author's dissertation (doctoral)-- Harvard University, 2012.

**A World of Wonder** Feb 23 2020 Spectacular photographs & poetry prompt children to develop a wonder for our magnificent world. Tech-enabled features, accessed with a QR code reader on a phone/tablet, enhance the learning. It is the best of both worlds - a book where children can turn the pages, gaze at the images and sit close to someone and can engage interactively.

**A World of Good** Jun 28 2020 The UK's leading Employee Experience book and Amazon U.K. HR Bestseller. "This is one of the best books I've read in a long time" - Ruth Dance, The Employee Engagement Alliance Sleeping at work, taking long lunch breaks and turning up late are no longer necessarily the characteristics of a lazy worker. Since the middle of the last century, psychologists have been focused on the workplace and the effect it has on us. Thousands of studies have been dedicated to improving the world of work, and in recent years this trend has grown rapidly as the modern employer reacts to changing expectations. Finding ways to improve the lives of employees should be a priority for every employer. More than ever, an organisations front line affects their bottom line. 'A World of Good' brings together some surprising workplace practices from more than fifteen countries, and underpins them with interviews and psychological research. "Gethin is leading a revolution to improve the Employee Experience" - Gemma Godfrey, The Celebrity Apprentice (US)

**A World of Your Own** Aug 23 2022 A beautiful picture book for children 4+ taking the reader on a journey through Laura Carlin's own colorful and imaginative visual world.

**A World of Kindness** Sep 12 2021 Are you kind? In a series of simple yet evocative questions, this impactful book asks children how they will show kindness and consideration for others. Written by the editors of Pajama Press, and illustrated by celebrated Pajama Press artists, these stunning pages inspire meaningful discussion and storytelling about the understated yet powerful ways in which children might influence the world around them. A World of Kindness goes beyond mere rhetoric to examine, in a child-friendly way, everyday social interactions where a kind word or act could have a transformative affect on others. Royalties from the proceeds of this book will be donated to Think Kindness. thinkkindness.org Many of the original images in this book have been donated by the artists. The cover art was created and donated by award-winning author-illustrator Suzanne Del Rizzo.

**A World of Babies** Mar 26 2020 Provides a cross-cultural look at the child-rearing practices in seven societies around the world.

**A World of Possibilities** Oct 13 2021 Have you been hiding from God? Have you been hiding your gifts, your talents, and your anointing that God has on your life? Have you lived up to your full potential? Do you understand your purpose? Do you have the faith and courage to leave your comfort zone and step out into A World of Possibilities? Many of us often think about the things that are missing in our lives. We become easily discouraged and bogged down with busyness, boredom, mediocrity, and routine. Within these pages, Jackson points out that we are often the cause of our own lack of success. Our limited thinking and our self-doubting of what we can accomplish do not reflect the God-given power that resides within us. Jackson also states that we should have a "can do" attitude because God says that we can do it.

**Let the World See You** Oct 01 2020 NFL linebacker, speaker, podcaster, and humanitarian Sam Acho gives a blueprint for taking off our masks and living lives of genuine authenticity. Most of us hide. We play small and don't live up to our full potential. Sam Acho was one of those people. As an NFL linebacker, for example, he earned his MBA but told no one because he was afraid of what people might think if they found out that he cared about things that weren't "normal" for his profession. After many years of hiding himself, the person he had become had no connection to the real Sam. Only when he lost a friend and a mentor did he realize he was doing it all wrong--just like many us do, when we try to become someone we're not. All the while, we ignore the unique gifts and talents and personality we truly possess. But there is another way of living: Let the world see you. Your quirks, your passions, and your inner desires were not given to you by accident. And the world needs your gifts. In Let the World See You, Sam Acho shares lessons from his own life as well as stories from others to reveal how you can overcome your fears and discover your true selves. Being the real you pays big. No one else has what you have. No one else can share what you share. Let the World See You helps crack the shell of people who are in hiding and reveals the benefits of a lifestyle lived on purpose.

**A World of Discovery** May 20 2022 An essential compendium of some of the most world-changing discoveries and inventions of all time, from the first use of money to antibiotics and artificial intelligence. In a stylish miscellany, celebrated author Richard Platt and printmaker James Brown travel through time to showcase the amazing breakthroughs in science and technology that have changed our lives forever. From the wheel to the telephone to the Internet, human history is studded with innovations that have changed our world. Each bold, bright, and beautiful infographic is complete with engaging and easy-to-understand explanations. A follow-up to international bestseller A World of Information and its companion, A World of Cities, this book covers thirty groundbreaking discoveries and is perfect for inquiring minds of all ages.

**All the Time in the World** Jul 10 2021 Entertaining, unexpected, and full of charm, the follow-up to Jessica Kerwin Jenkins's Encyclopedia of the Exquisite presents a miscellany of engaging stories, detailing the intriguing customs, traditions, and guilty pleasures pursued throughout the ages. All the Time in the World takes its cue from an iconic component of medieval life, the book of hours, which prescribed certain readings and contemplations for certain parts of the day throughout the year. Divided into more than seventy-five entries, All the Time in the World is brimming with witty bons mots, interesting etymologies, and arresting anecdotes encompassing an array of cultures and eras. Subjects covered include the daylong ceremony of laying a royal Elizabethan tablecloth; the radicalization of sartorial chic in 1890s Paris; Nostradamus's belief in the aphrodisiac power of jam; the sensuous practice of sniffing incense in fifteenth-century Japan; the American fascination with flaming desserts; the short-lived artistic discipline of "lumia," or visual music; the evolution of coffee from a religious ritual to a forbidden delight in the Middle East; Henriette d'Angleville's fearless and wine-fueled ascent of Mont Blanc; the elaborate treasure hunts concocted by London's Bright Young Things; and the musical revolution known as bebop. An antidote to the contemporary cult of "getting things done," All the Time in the World revives forgotten treasures of the past while inspiring a passion for good living in the present.

**World of Wisdom** Jan 24 2020 A brightly illustrated comic guide to sayings and expressions from around the world, comparing the ways different cultures interpret the same ideas. You might say that an annoying person is called "a bad apple," but Venezuelans would call them "a pineapple under the arm." On a wet day, you might think "it's raining cats and dogs," but the rest of the world has some different ideas on what's falling from the sky. This book looks at the unique ways different languages express common ideas like "too many cooks spoil the broth" and getting stuck "between a rock and a hard place," as well as unique sayings about cats, beards, dancing, and much, much more. With over 330 illustrated phrases from Vietnam to Venezuela, A World of Wisdom is a fun and funny guide to all the phrases you might ever need!

**Hernando Colon's New World of Books** Apr 07 2021 The untold story of the greatest library of the Renaissance and its creator Hernando Colón ?This engaging book offers the first comprehensive account of the extraordinary projects of Hernando Colón, son of Christopher Columbus, which culminated in the creation of the greatest library of the Renaissance, with ambitions to be universal--that is, to bring together copies of every book, on every subject and in every language. Pérez Fernández and Wilson-Lee situate Hernando's projects within the rapidly changing landscape of early modern knowledge, providing a concise history of the collection of information and the origins of public libraries, examining the challenges he faced and the solutions he devised. The two authors combine "meticulous research with deep and original thought," shedding light on the history of libraries and the organization of knowledge. The result is an essential reference text for scholars of the early modern period, and for anyone interested in the expansion and dissemination of information and knowledge.

**World of Sports** Nov 02 2020 Destination Sport is your guide to one of the world's great obsessions: to the teams, the games, the venues, the histories and the personalities that all come together to form something amazing. Matches that freeze economies. Races that stop nations. Rivalries that stretch back through centuries. This is the world of sport, electrifying and fascinating, thrilling and endlessly revealing. You can't hope to understand a nation without understanding its pastimes and passions, and that, so often, is sport. Organized into sections by world region, Destination Sport features a line-up of sports, events and sporting venues that are both familiar and obscure, from world-famous match-ups to little known quirks. There's also a focus on the world's best stadiums and a calendar of sporting events. This is the ideal book for sports lovers who want to understand the full gamut of sports around the world, watch them all on TV and perhaps even travel to join the locals in their passion. Illustrations by UK artist Paul Reid.

**The World Book Encyclopedia** Dec 15 2021 An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

**The World of Yesterday** Dec 23 2019 Stefan Zweig (1881–1942) was a poet, novelist, and dramatist, but it was his biographies that expressed his full genius, recreating for his international audience the Elizabethan age, the French Revolution, the great days of voyages and discoveries. In this autobiography he holds the mirror up to his own age, telling the story of a generation that "was loaded down with a burden of fate as was hardly any other in the course of history." Zweig attracted to himself the best minds and loftiest souls of his era: Freud, Yeats, Borgese, Pirandello, Gorky, Ravel, Joyce, Toscanini, Jane Addams, Anatole France, and Romain Rolland are but a few of the friends he writes about.

**A World of Its Own** Feb 05 2021 Tracing the history of intercultural struggle and cooperation in the citrus belt of Greater Los Angeles, Matt Garcia explores the social and cultural forces that helped make the city the expansive and diverse metropolis that it is today. As the citrus-growing regions of the San Gabriel and Pomona Valleys in eastern Los Angeles County expanded during the early twentieth century, the agricultural industry there developed along segregated lines, primarily between white landowners and Mexican and Asian laborers. Initially, these communities were sharply divided. But Los Angeles, unlike other agricultural regions, saw important opportunities for intercultural exchange develop around the arts and within multiethnic community groups. Whether fostered in such informal settings as dance halls and theaters or in such formal organizations as the Intercultural Council of Claremont or the Southern California Unity Leagues, these interethnic encounters formed the basis for political cooperation

to address labor discrimination and solve problems of residential and educational segregation. Though intercultural collaborations were not always successful, Garcia argues that they constitute an important chapter not only in Southern California's social and cultural development but also in the larger history of American race relations.

*A World of Information* Jul 22 2022 Facts and figures for the curious reader. Covers more than 30 fascinating "general knowledge" topics, including shapes, tides, the solar system, and the periodic table.

*A World of Women* Nov 26 2022 When a plague wipes out most of the world's male population and civilization crumbles, women struggle to build an agrarian community in the English countryside. Imagine a plague that brings society to a standstill by killing off most of the men on Earth. The few men who survive descend into lechery and atavism. Meanwhile, a group of women (accompanied by one virtuous male survivor) leave the wreckage of London to start fresh, establishing a communally run agrarian outpost. But their sexist society hasn't permitted most of them to learn any useful skills—will the commune survive their first winter? This is the bleak world imagined in 1913 by English writer J. D. Beresford—one that has particular resonance for the planet's residents in the 2020s. This edition of *A World of Women* offers twenty-first century readers a new look at a neglected classic. Beresford introduces us to the solidly bourgeois, prim and proper Gosling family. As once-bustling London shuts down—Parliament closes, factories grind to a halt, nature reclaims stone and steel—the paterfamilias Mr. Gosling adopts a life of libertinism while his daughters in the countryside struggle to achieve a radically transformed and improved egalitarian and feminist future.

*A World of Trouble* Aug 19 2019 A spellbinding narrative account of America in the Middle East that "reads almost like a thriller" (The Economist) The Middle East is the beginning and the end of U.S. foreign policy: events there influence our alliances, make or break presidencies, govern the price of oil, and draw us into war. But it was not always so—and as Patrick Tyler shows in *A World of Trouble*, a thrilling chronicle of American misadventures in the region. The story of American presidents' dealings there is one of mixed motives, skulduggery, deceit, and outright foolishness, as well as of policymaking and diplomacy. Tyler draws on newly opened presidential archives to dramatize the approach to the Middle East across U.S. presidencies from Eisenhower to George W. Bush. He takes us into the Oval Office and shows how our leaders made momentous decisions; at the same time, the sweep of this narrative—from the Suez crisis to the Iran hostage crisis to George W. Bush's catastrophe in Iraq—lets us see the big picture as never before. Tyler tells a story of presidents being drawn into the affairs of the region against their will, being kept in the dark by local potentates, being led astray by grasping subordinates, and making decisions about the internal affairs of countries they hardly understand. Above all, he shows how each president has managed to undo the policies of his predecessor, often fomenting both anger against America on the streets of the region and confusion at home. *A World of Trouble* is the Middle East book we need now: compulsively readable, free of cant and ideology, and rich in insight about the very human challenges a new president will face as he or she tries to restore America's standing in the region.

*A World on the Wing* Sep 19 2019 'A vaulting triumph of a book' Isabella Tree, author of *Wilding* 'A master storyteller, Weidensaul communicates so much joy in the sheer act of witnessing and such exhilaration in the advances of the science behind what he sees that we are slow to grasp the extent of the ecological crisis that he outlines.' Observer Bird migration remains perhaps the most singularly compelling natural phenomenon in the world. Nothing else combines its global sweep with its inherent ability to engender wonder and excitement. The past two decades have seen an explosion in our understanding of the almost unfathomable feats of endurance and complexity involved in bird migration – yet the science that informs these majestic journeys is still in its infancy. Pulitzer Prize-shortlisted writer-ornithologist Scott Weidensaul is at the forefront of this research, and *A World on the Wing* sees him track some of the most remarkable flights undertaken by birds. His own voyage of discovery sees him sail through the storm-wracked waters of the Bering Sea; encounter gunners and trappers in the Mediterranean; and visit a forgotten corner of north-east India, where former headhunters have turned one of the grimmest stories of migratory crisis into an unprecedented conservation success. As our world comes increasingly under threat from the effects of climate change, these ecological miracles may provide an invaluable guide to a more sustainable future for all species, including us. This is the rousing and reverent story of the billions of birds that, despite the numerous obstacles we have placed in their path, continue to head with hope to the far horizon.

*A World of Food* Nov 14 2021 Acclaimed photographer Carl Warner invites you to explore colourful miniature landscapes made entirely of edible ingredients.

*A World of Colors* Jun 21 2022 Explores the relationships between real-world objects and their colors, illustrating that each color comes in many different shades and that familiar objects sometimes come in unexpected colors, such as green bananas.

*Global Governance in a World of Change* Apr 26 2020 Global governance has come under increasing pressure since the end of the Cold War. In some issue areas, these pressures have led to significant changes in the architecture of governance institutions. In others, institutions have resisted pressures for change. This volume explores what accounts for this divergence in architecture by identifying three modes of governance: hierarchies, networks, and markets. The authors apply these ideal types to different issue areas in order to assess how global governance has changed and why. In most issue areas, hierarchical modes of governance, established after World War II, have given way to alternative forms of organization focused on market or network-based architectures. Each chapter explores whether these changes are likely to lead to more or less effective global governance across a wide range of issue areas. This provides a novel and coherent theoretical framework for analysing change in global governance.

*World of Wonders* Apr 19 2022 "Hands-down one of the most beautiful books of the year." —NPR From beloved, award-winning poet Aimee Nezhukumatathil comes a debut work of nonfiction—a collection of essays about the natural world, and the way its inhabitants can teach, support, and inspire us. As a child, Nezhukumatathil called many places home: the grounds of a Kansas mental institution, where her Filipina mother was a doctor; the open skies and tall mountains of Arizona, where she hiked with her Indian father; and the chillier climes of western New York and Ohio. But no matter where she was transplanted—no matter how awkward the fit or forbidding the landscape—she was able to turn to our world's fierce and funny creatures for guidance. "What the peacock can do," she tells us, "is remind you of a home you will run away from and run back to all your life." The axolotl teaches us to smile, even in the face of unkindness; the touch-me-not plant shows us how to shake off unwanted advances; the narwhal demonstrates how to survive in hostile environments. Even in the strange and the unlovely, Nezhukumatathil finds beauty and kinship. For it is this way with wonder: it requires that we are curious enough to look past the distractions in order to fully appreciate the world's gifts. Warm, lyrical, and gorgeously illustrated by Fumi Nakamura, *World of Wonders* is a book of sustenance and joy.

*Our World* Dec 03 2020 A read-aloud introduction to geography for young children that, when opened and folded back, creates a freestanding globe Children are invited to identify and experience the Earth's amazing geography through rhyming verse and lush illustrations: from rivers, lakes, and oceans deep, to valleys, hills, and mountains steep. Secondary text offers more detailed, curriculum-focused facts and encourages readers to consider their own living environments, making the reading experience personal yet set within a global backdrop. This informative homage to Earth is sure to inspire readers to learn more about their planet – and to engage with the world around them. Ages 2–5

*A World of Men* May 28 2020

*A World on Fire* Nov 21 2019 NEW YORK TIMES BESTSELLER 10 BEST BOOKS • THE NEW YORK TIMES BOOK REVIEW • 2011 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • The New Yorker • Chicago Tribune • The Economist • Nancy Pearl, NPR • Bloomberg.com • Library Journal • Publishers Weekly In this brilliant narrative, Amanda Foreman tells the fascinating story of the American Civil War—and the major role played by Britain and its citizens in that epic struggle. Between 1861 and 1865, thousands of British citizens volunteered for service on both sides of the Civil War. From the first cannon blasts on Fort Sumter to Lee's surrender at Appomattox, they served as officers and infantrymen, sailors and nurses, blockade runners and spies. Through personal letters, diaries, and journals, Foreman introduces characters both humble and grand, while crafting a panoramic yet intimate view of the war on the front lines, in the prison camps, and in the great cities of both the Union and the Confederacy. In the drawing rooms of London and the offices of Washington, on muddy fields and aboard packed ships, Foreman reveals the decisions made, the beliefs held and contested, and the personal triumphs and sacrifices that ultimately led to the reunification of America. "Engrossing . . . a sprawling drama."—The Washington Post "Eye-opening . . . immensely ambitious and immensely accomplished."—The New Yorker WINNER OF THE FLETCHER PRATT AWARD FOR CIVIL WAR HISTORY
